

Promoting STEM with Drones Phase II & Next Steps

“4th Annual HISD District-Wide 2022 Drone Competition”

Monday, October 4, 2021

9:00am – 10:00am

Join us as we provide STEM concepts and real-world applications by using drones. Make STEM learning fun! Drone competition includes problem solving, communication, teamwork, design, 3D printing, prototyping, test. Join us to receive next steps on what is expected to take place during the 2022 Drone Competition at Washington High School, while hearing how to register your team. How do you make STEM engaging and fun for your students? Would you like to find out how to provide students with a hands-on experience using drones and friendly competition, that will make STEM learning a blast?

OneSource ID#: 1460053

Where: Microsoft Teams (synchronous)

Audience: Elementary, Middle School & High School
