

STEA_M Enrichment *with* The SECME Program

(Asynchronous *via* HISD OneSourceMe Learning)

OneSource ID#: 1452470

Session Overview

STEM participants will see how many schools, universities and partners have implemented SECME programs as their STEM initiatives or to complement or enhance existing STEaM programs. This on-demand session will focus on the various facets of the SECME program, including Bridge Building, Essay Contest, Vision Board, Mouse Trap Vehicles, Bottle Rockets, VEX Robotics and EDR Robotics.

Audience

Science, Technology, Engineering, and Math (STEM)
