

Using Financial Math to Achieve Real-Life Goals

September 17, 2021

2:00pm – 3:00pm

Where: *virtual*, Microsoft Teams

[Click here to join the meeting](#)

Join *Lorraine Decker* with Financial Mentors of America (FMA) to see how FMA engages with thousands of Texas high school students through Real Life Financial Mathematics (RLFM). See how students are matched with mentors. FMA focuses on student critical thinking for the immediate future to educate, mentor, coach, and tutor select individuals. FMA aims to help each participant create viable financial independence, career, and educational plan to achieve world-changing goals. There will be Q&A throughout the session and at the end of the session.

Audience: *Financial Math Teachers, High Schools including Achieve 180 High Schools*

Register HISD OneSource ID: 1459040
