

In just one week, the MS-ISAC will launch the 2020-2021 Kids Safe Online Poster Contest!

Each year students K-12 from across the country submit pieces of artwork that cover topics such as being safe online, good online security practices, cyber bullying, and how to be a good digital citizen. Public, private, and home-schooled students in grades K-12 are all invited to participate! The contest will run from **September 25, 2020** through **January 22, 2021**. The winners of the contest will be recognized nationally in acknowledgment of National October Cyber Security Awareness Month (NCSAM).

For more information regarding the contest and other ways to participate in NCSAM (such as the *Best of the Web Contest*), please visit the MS-ISAC Toolkit page listed below. The poster contest entry form is available under *Bring Security Home*, which includes FAQs to help guide your efforts and provide inspiration.

You may direct any questions and submissions to [contest@msisac.org](mailto:contest@msisac.org). All submissions must be sent as a scanned image.

**Please share this** with any teachers, parents, or K-12 students you may know. We cannot wait to see the unique artwork for this year's contest!
