

# **“Promoting STEM with Drones”**

## ***Virtual Meeting Location – Microsoft Teams***

Teachers will understand the necessity of drones in the STEM field and getting high school students interested. Industries include First-Person View (FPV) navigation, media coverage, programming, and surveying. Our drone competition incorporates all the industries that drone technology provides while getting students involved in STEM Learning.

**October 21, 2020  
10:00 AM – 11:00 AM**

***Audience – All CTE, STEM Instructors, Technology Instructors***

**Register now through OneSource Learning!**

**OneSource Course #1443931**

**Credit Hours: 1**

**Teachers must register through OneSource Learning in order to receive credit. \*
