

eDynamic Learning Project Based Learning Professional Development

October 21, 2020

10:00 AM – 12:00 PM

OneSource Course #1447105

eDynamic Learning Project-Based Learning Professional Development is designed to support teachers applying Project-Based Learning to any curriculum in their classroom.

Audience – Invitation Only (if you are receiving this, please attend)

The session topics will include:

- ★ Clarifying the benefits of PBL and brainstorming ideas that integrate digital tools
- ★ Experience PBL strategies that foster students' thinking, teach technology skills, scaffold project planning, and facilitate project presentations
- ★ Learn how to develop project rubrics and provide meaningful feedback
- ★ Plan Project-Based Lessons

Houston ISD will have access to the EDL Workplace Internship & Readiness course to demonstrate connecting the project-based planning and teaching to a curriculum. **Click on the link below to join the team meeting.**
