

“Sheltered Instruction from Beginning to End in the CTE Classroom”

Audience

CTE middle school and high school instructors who teach ESL/English Learners

Virtual – via Microsoft Teams

Participants will explore and interact with instructional strategies which support conceptual understanding and academic language development in the CTE classroom. Participants will leave ready to implement language development activities, which reinforce an interactive class environment with their EL students.

October 21, 2020

2:00 pm – 3:30 pm
