Editing Video in Adobe Photoshop

Wednesday, December 2, 2020
11:00 AM - 12:00 PM CST

PRESENTER: Tom Keen, New Horizons Instructor

https://register.gotowebinar.com/register/5545787527056493323

With the increase in social media websites, the use of video in on the rise. Knowing how to create engaging video is becoming a crucial part of a designers' toolbox, and Adobe Photoshop makes it easy. Join Tom Keen as he demonstrates how to use the power of Photoshop's image editing tools to touch up and edit video.

In this webinar, you will see how to:

- Access the Timeline and Layer panels.
- Edit movie clips to create a finished video.
- Add transitions between clips.
- Render a video and make a movie.
- Create animation within a video.
- Add graphics and titles to enhance video
