

DeBakey Laptop Acceptable Use Policy

DeBakey High School

DeBakey recognizes how valuable the appropriate use of technology is to improving teaching and learning. Accordingly, DeBakey has made a significant commitment to integrating technological advances into the school program to enhance students' learning experiences. DeBakey provides access to the school's cloud drive (OneDrive) and internet services from every computer connected to the HISD network. Understanding and following DeBakey's Acceptable Use Policy allows us to maintain a respectful, effective, and safe learning environment.

DeBakey's network resources are considered the property of HISD. Laptop access to DeBakey's network services will be provided throughout the school via a wireless network. HISD blocks websites and web-based services that the district deem to pose a threat to the safety, security, academics and well-being of its community members, facilities, network, and resources. Categories that are blocked include, but not limited to pornography and sexually explicit material, criminal and illegal activities, weapons and extreme violence, computer hacking, spyware and malicious software, certain video streaming sites, and certain social media sites. DeBakey will continue to take precautions for this type of material on all equipment that is part of the school's network.

Any actions performed or initiated through the network must reflect the integrity and honesty expected of a DeBakey student, as described in the HISD Code of Conduct and the DeBakey Student Handbook. Students will be held responsible for actions initiated on their laptops, regardless of whether they were using their computer at the time of the infraction. Therefore, students may only use the laptop they have been issued.

Non-negotiable Student Laptop Policies and Expectations

A student must bring their laptop to school every day.

We want all students to take full advantage of the resources available to them via their laptops. Therefore, we require all students to bring their HISD issued laptops to school every day. It is at the teacher's discretion to assign a consequence to a student that fails to bring their laptop. If a student follows the appropriate steps to "borrow" a laptop from the school, then no consequences should be assigned. Consequences for failure to bring their laptop to school may include, a zero on assignments, tests, detention, etc.

To check out a laptop, receive laptop help, or checkout a laptop loaner, a student must submit the Student Laptop Loan Agreement and \$25 nonrefundable security deposit. Students should see our Student Service Representative in the Tech Help Center. A cell phone or something of equal value is required as collateral.

A student must have his/her laptop in the sleeve when not in use.

The school-issued cases are required as part of the computer warranty. Teachers must confiscate a student's laptop if it is not in the school-issued case and the case is not with the student. Laptops should be sent to our Student Service Representative in the Tech Help Center until the student brings in the case.

A student must come to school with his/her laptop fully charged.

- Students should charge their laptop every night and should bring it to class fully charged.
- Students can also use charging stations available in the cafeteria and library before school, during lunch, or after school for charging on campus.
- After lunch, students can charge laptops in a classroom with expressed teacher permission.
- Phone/device charging of any kind is not allowed during class time.

A student must prevent laptop damage.

Students will face consequences for a severely broken laptop that requires replacement. If a student's laptop breaks:

- The student will bring the broken laptop to the Tech Center before/after school, during lunch for evaluation.
- If the laptop must be exchanged for a new one, the tech will issue the student a "Computer Damage & Negligence Form."
- *Be aware that the warranty covers the device - not the case, power cord, or strap. Additionally, in instances of gross neglect or damage, student may be held financially responsible.*

A student must prevent laptop loss/theft.

Students should keep their laptops in their hallway locker or on their person at all times (never leave it unattended). Students should make arrangements to ensure laptops can be monitored by an adult if at an off-campus event. Students must complete a lost or stolen report immediately after the device goes missing.

If a student loses his/her laptop:

- He/she must report the loss to the dean and the dean will provide the student with a police report form.
- The student brings the form to the Tech Center for our rep will add the serial number of computer.
- The student brings the form to the Campus Police Office. (The police report will not be considered filed until it is officially submitted to the campus police office. It is the student's responsibility to ensure the police report is filed.)

A student will not be penalized for laptops that are stolen due to no wrong doing. School Administrators will issue consequences (detention) to students who carelessly lose the laptop or leave it unattended in common areas.

- Consequence for first time offender: warning issued
- Consequence for second time offender: detention (review acceptable use policy video and retake assessment during detention).

At the end of the year, a student must return his/her laptop, laptop case, and power charger. If a student does not turn in one of these items, then he/she will be responsible for part of the cost. This fee is due by the last day of school. If missing items are not paid for, then a financial hold will be put on the student's account.

Lost/Stolen Fees:

HP x360: Charger - **\$32** Sleeve/Case - **\$38** Computer Package - **\$ 1089**

**Students who file a police report for a stolen computer will not be required to pay the computer lost fee.*

The Tech Room is located on the third floor. The purpose of the Tech Room is to provide technical assistance to our users. Our instructional technologist is Mrs. Rodriguez and we will have a new support specialist to be announced soon. They will handle hardware- support technologist. Together they are able to diagnose repairs, install warranty-related repairs, and answer all student software and hardware questions. For convenience, the student tech support specialist is located in the Tech Center in the commons area (cafeteria) before/after school and during all lunches.

How do I Get Tech Support?

- **Tech Room: Come to the tech center before/after school and during lunch.**
- **HUB DeBakey Page – submit a ticket**

How Long Will I Wait for Tech Support?

Three common scenarios:

1. If the repair is simple, the student will be told to wait or to return for their laptop within 30 minutes-4 hours.
2. If the repair will take more than a few hours, the student will be issued a replacement computer.
3. If the laptop is lost or stolen and the student has filled out the necessary paper work, an immediate replacement computer will be issued.
