

# Finding Your Teams Classes from Home

If you are using a personal device, the best way to access Teams is to download the Microsoft Teams App. To login with the Teams app, the student's username is their email address.

**Username:** [s#####@online.houstonisd.org](mailto:s#####@online.houstonisd.org) (Example [s1234567@online.houstonisd.org](mailto:s1234567@online.houstonisd.org) )

**Password:** Student birthdate (Example Birthdate is 08/10/2008 you will enter **08102008**)

For accessing the Teams classrooms through the web, use a Chrome and go to:

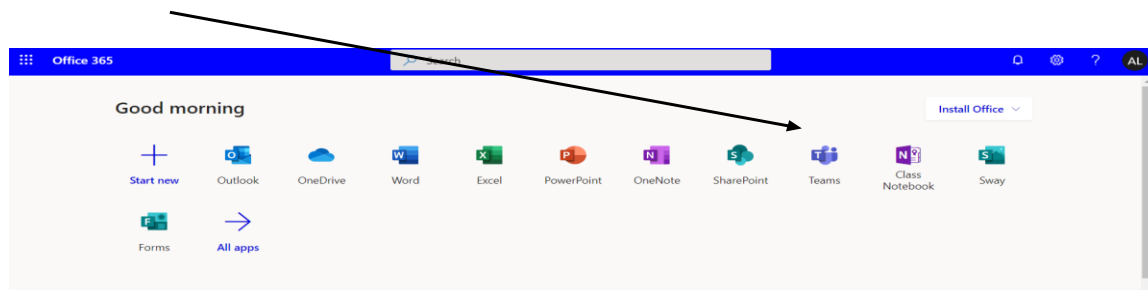

office365.houstonisd.org

Here you will be prompted to login. The format is:

**Username:** Student\S##### (Example Student Id number is 1234567 you will enter **Student\S1234567**)

**Password:** Student birthdate (Example Birthdate is 08/10/2008 you will enter **08102008**)

Once signed in, you will see all of the available Microsoft resources available. Outlook is student email, OneDrive is cloud storage for school work, Word/Excel/PowerPoint Online for student use, and TEAMS, where you will find all of your online classrooms.

Once in Teams, click on each class to see assignments posted and due for the week.
