HOUSTON

THE CITY WITH NO LIMITS

INFINITE POSSIBILITIES

HOUSTON: THE CITY WITH NO LIMITS

From the moment Houston was founded, the limits of what's possible here were forever defined. The first domed stadium, the first word heard from the moon, the first artificial heart transplant – all were achieved from that spirit of endless possibilities.

Today, that spirit is alive and well, and there's no limit to what Houston has to offer for those who want the American dream and are willing to work hard for it.

WHAT IS HOUSTON?

There are 6.5 million Houstonians with 6.5 million versions of Houston. The attributes that follow, however, remain constant and are the foundation of a city with infinite possibilities - *Houston*.

CONFIDENT

Regardless of inevitable changes and challenges, Houstonians have always believed that Houston's best days are ahead.

AMBITIOUS

Even when others lag, we dream big and have the staying power to see our dreams through.

SUPPORTIVE

Houstonians love to see each other succeed and are willing to get involved to make it happen.

HARMONIOUS

Houston is not only the most diverse U.S. city, it is also a city where people of all backgrounds live side by side and are embraced according to their attitudes and actions.

OPEN

Houstonians readily enjoy the benefits of living in a global metropolis because the perks are well within reach.

FORWARD LOOKING

Houstonians would much rather hear about your plans for the future than stories from your past. Even our finest historical moments were forward looking in their time.
