

VIRTUAL GARDEN CLUB

Join the Pershing Virtual Garden Club from the comfort of your home. Learn about seasonal veggies and herbs, gardening for pollinators, edible flowers, insects as friend and foe, composting and MORE! No experience necessary!

We will provide seeds, 4" pots and soil to help you get started (or use your own). We will help you get a garden started whether it's on your patio/balcony or in your yard. Now is the perfect time to start many seeds indoors and get your outdoor space set up.

**TUESDAYS & THURSDAYS DURING ENRICHMENT
12:35-1:04 PM**
