

# Computer Programming Classes

GRADES K-5

 **TIME:** 2:55pm - 3:55pm Starting September 19

 **TIME:** Tuesdays 2:55pm - 3:55pm Starting September 17

 **PLACE:** The School at St George Place

 **PLACE:** The School at St George Place

 **COST:** \$220 for 11 Sessions

 **COST:** \$220 for 11 Sessions

 **CLASS OVERVIEW:**  
Coding Foundations

Students in grades K-2 will learn basic coding through websites, apps, and hands-on games. The main focus of the class will be learning strong logic and sequencing skills.

Class runs every Thursday through December 5 except on school holidays.

 **CLASS OVERVIEW:**  
Make Games in Scratch

Students in grades 3-5 will learn to program simple video games and animations in Scratch. Scratch was developed by MIT and is an excellent tool for practicing creativity and computer programming.

Class runs every Tuesday through December 9 except on school holidays.
