What does my Academic Advisor do?

Academic Advisors partner with students and parents to shepherd students from enrollment to graduation.

Academic Advisors work diligently to seat students in the correct courses each year so that they remain on path to graduate according to plan.

Academic Advisors seat transfer students in the courses required to maintain their transfer status.

We work with students and parents to choose endorsements and seat students in the courses required to earn those endorsements, when possible.

We seat students in courses required to earn the FHSP Diploma at the Distinguished Level of Achievement, the IB Certificate, and/or the IB Diploma.

Academic Advisors host several evening Parent Education events each year. At these events, Advisors present information, and take questions – both whole group and then individually - on a wide variety of topics as they cycle into priority throughout 4 years at Lamar. Please join us. A calendar is posted on the Lamar website and is also available in N110 and N213.

**Your Advisors look forward to visiting with you
at these Parent Events!**
