

Dear Elementary School Families,

Our elementary students will continue to have **access to the myON Reader** digital library from home during the current COVID-19 school closure period.

This will help them continue reading and learning—and provide additional opportunities for them to explore topics in which they are interested.

What’s available

The **myON digital library** includes thousands of digital books with optional reading supports for students from Prekindergarten through grade 5, in both English and Spanish.

These resources can be accessed on any digital device that is connected to the Internet and are available 24/7. Books from the myON digital library can also be downloaded onto mobile devices for offline reading.
