SDMC Minutes
November 17, 2023

Committee members present:

Ms. Castillo, Ms. Arzola, Ms. Quezada, Ms. Estrada, Ms. Wolfe, Ms. Duncan, Ms. Espinoza, Ms. Mendez, Mr. Eckert, and Ms. Bazan

Ms. Bazan updated the committee on Janowski's weekly attendance. Fourth and fifth grade have consistently reached the 97% attendance rate for the past 3 weeks. The grade level with the lowest attendance has been Kindergarten with 91% to 93% attendance.

Ms. Bazan reminded the SDMC committee of the importance of faculty and staff being present every day. Effective student learning happens when students are being taught by their teacher.

Ms. Bazan discussed the adjusted percentages for the NWEA assessments. The adjusted percentages were changed looking at the BOY data and the projected national growth numbers for each grade level.

Budget was discussed and committee will begin looking at purchases for each grade level in December.

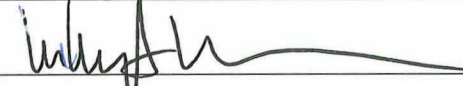

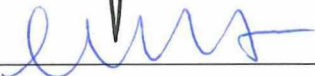

Committee reviewed the School Improvement plan for 2023-2024.

Committee had no further questions and the meeting was adjourned.
