It's a Great Day

Wide smiles from ear to ear

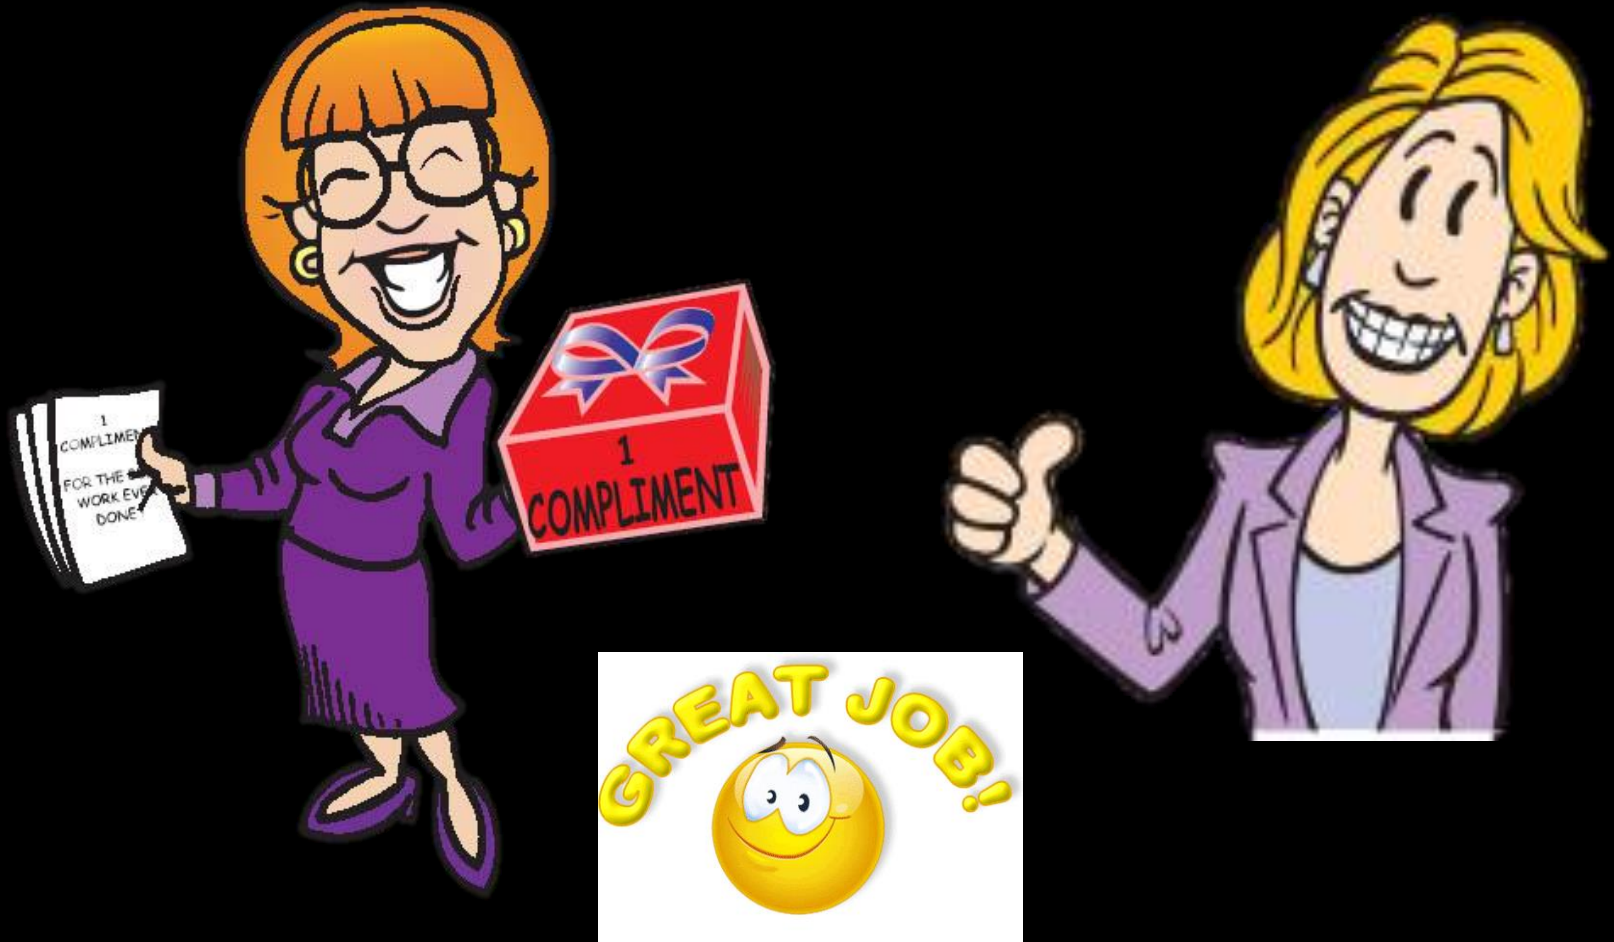

Wake up early see God's morning star 

Birds chirping in melody like an
orchestra

Teachers complimenting everything you do making us
happier than we already are

Talking to your friends about what matters

Seeing all the people
with smiles as wide as the Pacific Ocean 🔊

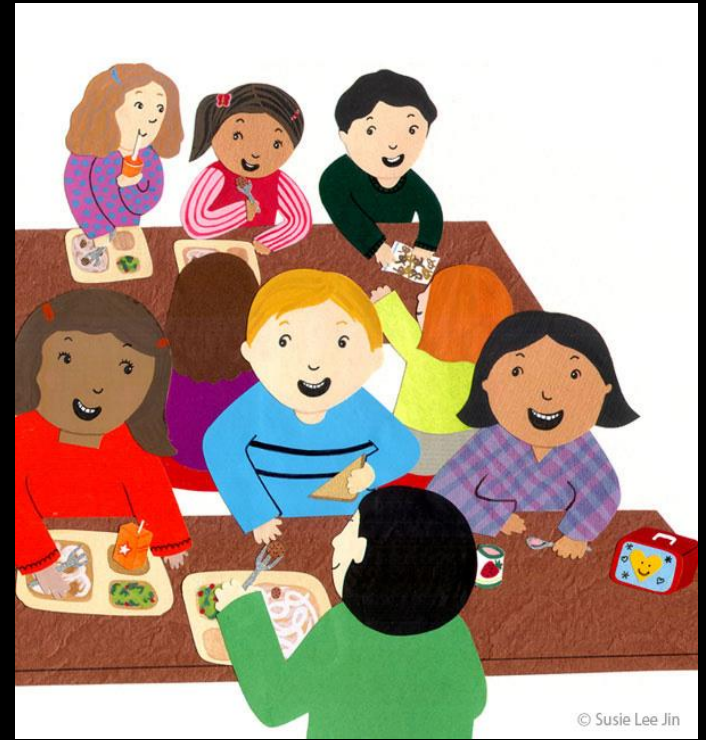

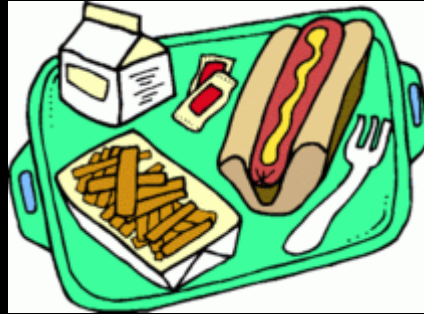

Having different teachers
ready to fill our brains up with
knowledge

It's a Great Day

Eating lunch , what we do best 

Laughing at jokes

Meeting new people making new friends

Doing fun work forgetting we're in school

Having fun, what we do best

WORK HARD
HAVE FUN
AND
NO DRAMA
PLEASE

Looking at boys

It's a Great Day

Many people think that school is a boring place, but there are many reasons why it's actually not. This video was about the bright side of school. School is not just boring work and mean teachers, there are actually some good things about school. It might seem that school is a bad and boring place but most of the time it's not.
