

IT

It was big and wrinkled
Like if you stayed in water too long
Or like a hairless cat
It was scarier than real monsters
It'll let out a horrid scream for no reason
Give you detention for something you didn't do
It is older than time itself
It is a science teacher
It is Ms. Teacher Lady

It will be okay
Just don't make It mad
Do your work
Don't talk back
It will be okay
Seventh grade is just a few steps away
