

Getting Started with Adobe Creative Cloud

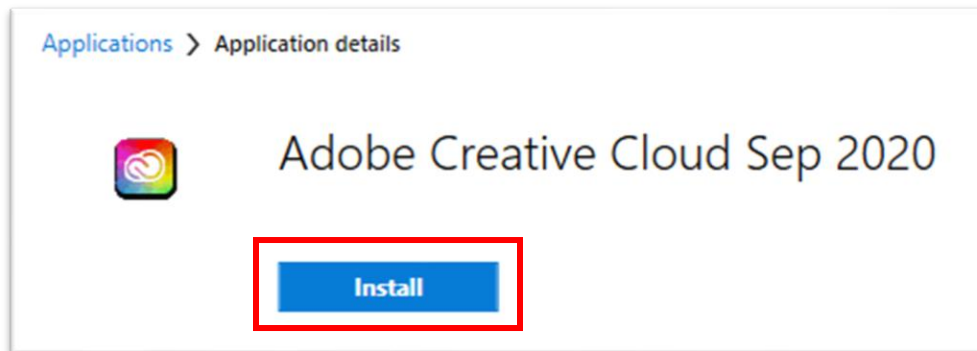

1. Start by opening the **Software Center** from the Windows menu.

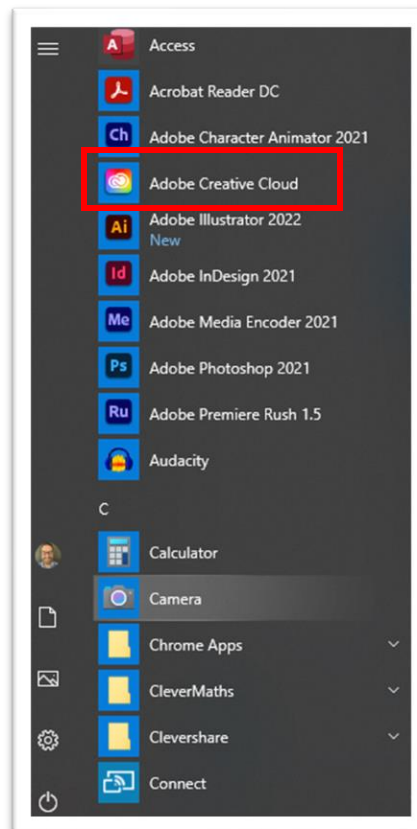

2. In the Software Center search for Creative Cloud. Double click **Adobe Creative Cloud**.

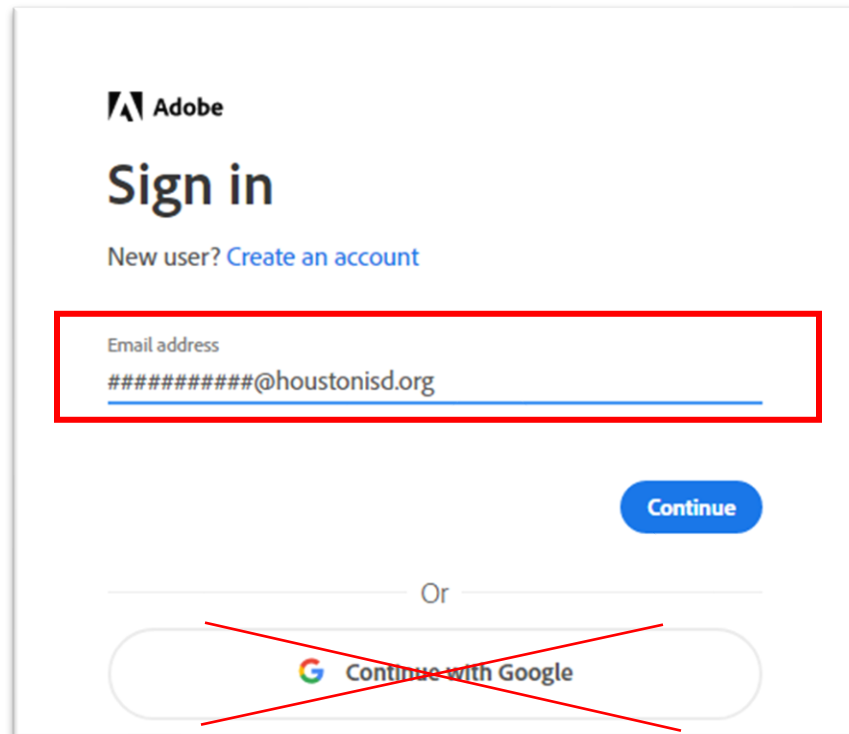

3. Click **Install** to add the Creative Cloud desktop app to your computer.

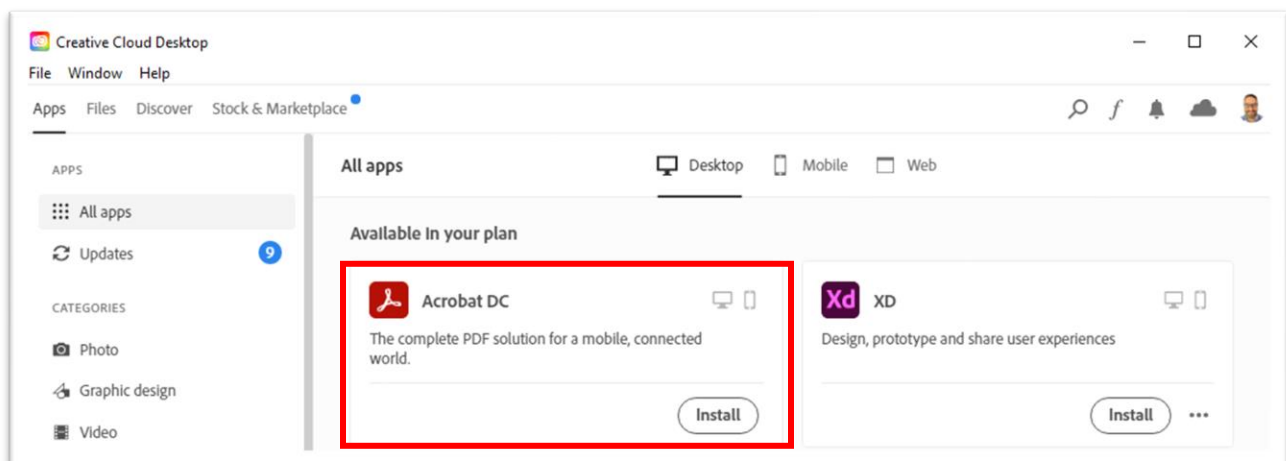

4. Open Adobe Creative Cloud from the Windows menu.

5. Sign in with your HISD credentials. Do not sign in with Google.

6. Choose the apps you wish to download and use on your device. Click **Install** on the apps of your choice.

Adobe Creative Cloud: Sign in and Download Apps

7. Click the ellipsis and then **Learn More** to find tutorials provided on the Adobe website. You will find useful practice materials and video tutorials on all the Creative Cloud apps there.
