

GT Expo Project

Shearn Elementary 2017-2018

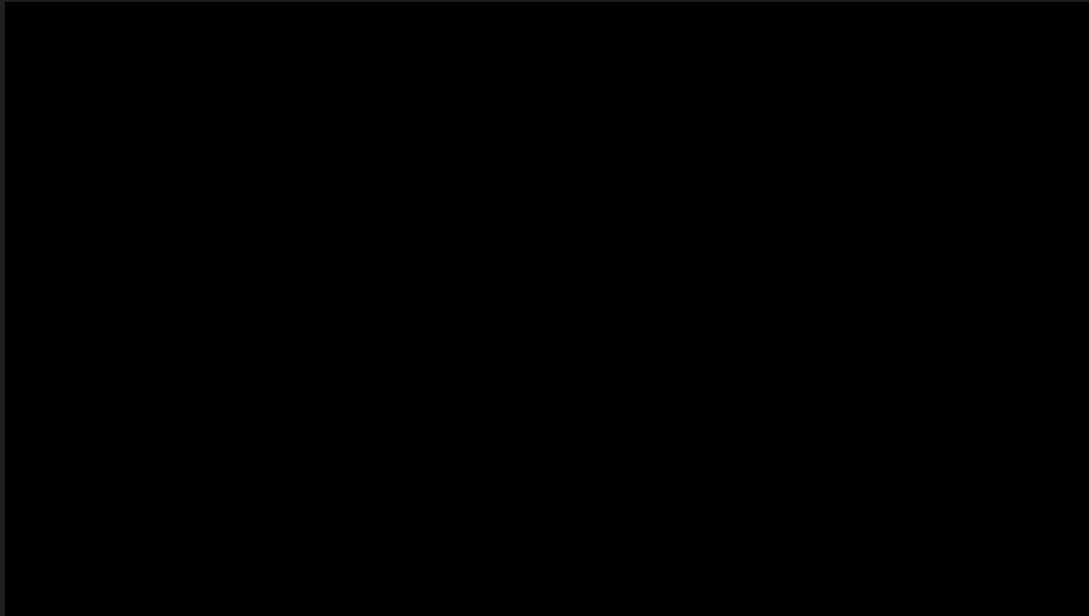

What is GT Expo?

- It is a campus and district event that promotes students that are gifted and talented to develop and present a advanced level project.

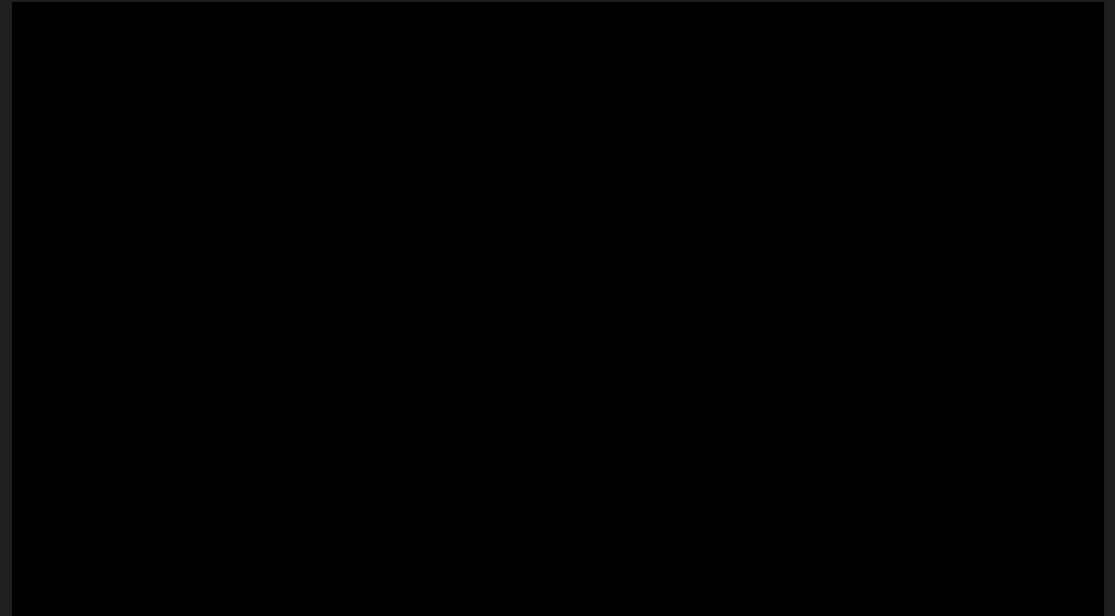

What are the expectations for my project?

1st Grade Animal Nature

4th Grade Innovation Celebration

What can my project be about?

- Shearn will provide you with different choices to select.
- On Monday you will confirm your project selection.
- On February 23rd all projects are due.
- On February 28th you will have an opportunity to present your project at our Black History/GT Expo!

The screenshot shows the Texas Performance Standards Project website. The header includes the logo, a search bar, and navigation tabs for Home, About TPSP, Primary (K-2), Intermediate (3-5), Middle School (6-8), High School/Exit (9-12), Resources, and Contact. The main content area is titled "Primary Grade Level (K-2) Tasks" and includes a list of two phases: Phase I (Learning Experiences) and Phase II (Independent Research). A sidebar on the right features a task titled "Do Your Part for Art Kindergarten" with a PDF download button and a "Download 7E Version of Task (PDF)" button.

Primary Grade Level (K-2)
Tasks

Tasks for the primary grade levels have two components.

1. Phase I, Learning Experiences, is a suggested series of TEKS-based lessons and performances to be used in large groups, in small groups, and/or individually. Phase I allows students to work with advanced content and processes through a discipline-based research model. Phase I is developmental and formative.
2. In Phase II, Independent Research, students utilize and extend their learning from Phase I to develop a product. The product provides students with opportunities to synthesize learning, apply knowledge to a novel situation, and provide an advanced, high-quality demonstration of the student's knowledge and skills.

In order for students to have the necessary support to complete their projects, users are encouraged to support student completion of the learning experiences and independent research as described in each of the task descriptions. Two or more students may collaborate in Phase I and/or Phase II. When there is collaboration, each student's individual learning must be documented.

Do Your Part for Art Kindergarten

This task is designed to help students gain a deeper understanding of art and a basic knowledge of artistic styles. [Read More](#)
