1. Which angles are complementary to $\angle BFC$? Select all that apply.

2. Which angles are adjacent to $\angle 6$? Select all that apply.

3. Which angles are supplementary to each other?
4. \( \overline{CE} \) and \( \overline{FH} \) are parallel lines.

Which angles are alternate interior angles?

5. \( \overline{EG} \) and \( \overline{HJ} \) are parallel lines.

Which angles are corresponding angles?

6. Which angles are consecutive interior angles?

7. Which angles are supplementary to \( \angle BEC \)? Select all that apply.
