

SDMC

November 11, 2019

Minutes

- Sign in sheet reflects that eight of the fifteen members were not present.
- Cancer awareness celebration was a success and a celebration is in the works for our Veterans as well.
- We are 70 students over our projection, so there is an increase in our budget. We will have additional hires.
- Dr. Garcia, our SSO, has made 3 campus visits and visited ELA classrooms today. Feedback will be coming from the classroom walks for Tier II and Instructional Rounds. Encouraged to have more one-on-one conversations with students about their interests and graduation plan.
- Feedback for Friday's professional development was discussed. Whole group in the cafeteria may not be the most effective setting for ELL training.
- Teachers that participated in Secret Santa enjoyed it. PTO will not be able to pay for Escalante's holiday party this year. A cheaper option may be helpful since Escalante's was a little expensive.
