Agenda

The Houston Independent School District (HISD) Board of Education established and approved the campus-level planning and decision-making process in 1992. This process includes the creation and maintenance of a Shared Decision-Making Committee (SDMC) at each school to review the district's educational goals, objectives, and major district wide classroom instructional programs. The SDMC must be *involved in decisions related to* areas specified by the Texas Education Code. The code states that the SDMC will be involved in decisions in the areas of *planning, budgeting, curriculum, staffing patterns, staff development, and school organization*.
