6th Math Delphine Bush	Learning Goal:Generate equivalent numerical expressions using order of operations. Assignments: multiply and divide rational numbers fluently.
6th Science Reuben Nicholas	Learning Goal: Scholars will identify and describe components of the solar system and conduct research on the history and future of space exploration. Assignments: Solar System Part II Handout. Please, check Student Planners for updated information on Assignments or Projects during the week. Copies of all assignments and class notes are located online in CANVAS.
6th Neuroscience	Learning Goal:

Lakesha Williams	Assignments:
6th Physical Education	Learning Goal: Team Sports and Muscular Systems of the Body. Please have your students bring a change of clothes
Adam Johnson	Assignments: Kahoot, Student Self Assessment, Team Sport Assessment, Student Case Study, Participation

7TH GRADE	
7th ELA Tiffany Carter	<p>Learning Goal: Students will be able to draw inferences from an informational text and support those inferences with evidence from the text, paraphrase and summarize informational texts in ways that maintain meaning and logical order and synthesize information to create new understanding with at least 80% accuracy.</p> <p>Assignments: LSAE Reading Comprehension Packet - Dupre Friday</p>
7th Social Studies Shevon Williams	<p>Learning Goal: SWBAT identify how the expansion of the Texas frontier led to conflict between Texas Indians and new settlers on the frontier. SWBAT identify how the expansion of the Texas frontier impacted Native Americans in Texas.</p> <p>Assignments: Study vocabulary terms</p>
7th Math Corryncia Morgan	<p>Learning Goal: SWBAT review finding the area of parallelograms, trapezoids, triangles, circles, half circles, and quarter circles.</p> <p>SWBAT determine the area of composite figures containing combinations of rectangles, squares, parallelograms, trapezoids, triangles, semicircles, and quarters circles.</p> <p>Assignments:</p>
7th Algebra Arnaldo Eligio	<p>Learning Goal: Simplify numeric and algebraic expressions using laws of exponents and simplify numerical radical expressions involving square roots.</p> <p>Assignments: Simplifying Radicals and laws of Exponents.</p>
7th Science Tigi Jade	<p>Learning Goal: identify basic needs for different varieties of organisms in different environments and microhabitats.</p> <p>Assignments: Worksheets on the different organisms in different environments and microhabitats.</p>
7th Scientific Decision Making	<p>Learning Goal: SWBAT investigate a rare genetic disease and create an infographic detailing the disorder.</p> <p>Assignments: BrainPOP Cancer "review quiz" and "challenge"</p>

Jonathan Rasti	
7th Technology Applications	Learning Goal: Structure content into headings, subheadings, and paragraphs.
Greysi Chao	Assignments: <ul style="list-style-type: none"> o Canvas Assignment: Top Pandemics website o Code.org: Web Development Lesson 4: Questions 1-10
7th Physical Education	Learning Goal:
Kentavious Jones	Assignments:

8TH GRADE	
8th ELA	Learning Goal: Students will be able to draw inferences from an informational text and support those inferences with evidence from the text, paraphrase and summarize informational texts in ways that maintain meaning and logical order and synthesize information to create new understanding with at least 80% accuracy.
Vanetta Dupree	Assignments: LSAE Reading Comprehension Packet - Due Friday
8th ELA	Learning Goal:
Nicole Emsley	Assignments:
8th Social Studies	Learning Goal: Explain issues and compromises of the Constitutional Convention; Analyze how the US Constitution reflects the principles of government and how major domestic problems were faced by leaders of the new republic; Apply and Assess knowledge on concepts from the Constitutional Convention and the Young US Republic
Brent Telle	Assignments: Issues resolved and compromised in the Constitutional Convention questions and writing; Principles of government and early US Presidential policies table; Constitutional Convention and Young US Republic Assessment
8th Math	Learning Goal: Write one-variable equations or inequalities with variables on both sides that represent problems using rational number coefficients and constants.
Arnaldo Eligio	

	Assignments: Writing Equations and Inequalities.
8th Algebra Arnaldo Eligio	Learning Goal: Simplify numeric and algebraic expressions using laws of exponents and simplify numerical radical expressions involving square roots.
	Assignments: Simplifying Radicals and laws of Exponents.
8th Math Ricardo Elegarle	Learning Goal: Model and solve one-variable equations with variables on both sides of the equal sign that represent mathematical and real-world problems using rational number coefficients and constants.
	Assignments: Solving and checking equations
8th Geometry Ricardo Elegarle	Learning Goal: Identify and verify the values of x and y that simultaneously satisfy two linear equations in the form $y = mx + b$ from the intersections of the graphed equations.
	Assignments: Finding equations of lines using formulas and linear regressions
8th Science Elizabeth Espino	Learning Goal:
	Assignments:
8th Science Kaaren TysonDupigny	Learning Goal: Evaluate the organization of the ecosystem, food chains/webs. Structure and function of organ systems, classify animal/plant cells and organisms using a dichotomous key.
	Assignments: Category 4 Review Packet: Life Science
8th IPC Elizabeth Espino	Learning Goal:
	Assignments:
8th Latin Stephen Bowen	Learning Goal: TSW identify 1st & 2nd person plural verbs in the context of a selected Latin passage
	Assignments: Stage 10 vocabulary quiz 4/19
8th Art Jose Figueroa	Learning Goal: SWBAT IDENTIFY, ANALYZE, UNDERSTAND and APPLY the Principles of Design in building the Art Car or through the art of Vincent van Gogh.
	Assignments: SW IDENTIFY, ANALYZE, UNDERSTAND, and APPLY 3 of 4 Principles of Design in building the Art Car or in an Art Critique of an authorized replica of The Bedroom by Vincent van Gogh. Other activities as assigned: Art Contests; Art Exhibitions, and Independent Study.
8th Principles of Biosciences	Learning Goal: Students will finalize Genes in Space Proposals in preparation for Monday April 15th, 2024 contest deadline.
	Assignments: Students will complete all 6 elements of their Genes in Space

Michael Wertz

Project Proposals by Friday April 12th, 2024 answering all eight questions for completion.
