US History 1877—Present

Course Syllabus 2021 - 2022

Instructor: Joyce Curry

Email Joyce.Curry@houstonisd.org

Room: 1103

Tutorials: Tuesday and Thursday – 4:00 – 5:00 pm

Conference Period: 8th period

COURSE OBJECTIVE:

US History 1877 to Present is a required course for juniors. It is a survey of American political, economic, and cultural trends from 1877 to the present. Emphasis is given to major historical trends such as: industrialization, progressive political movements, growth of economic influence, social and cultural development, and America's role in a global setting. The course strives to help students develop critical thinking skills through the analysis of challenges faced by the U.S. in both foreign and domestic policies. Students also develop research and writing skills through periodic research projects.

By the end of this course, students will be able to examine the impact of constitutional issues on American society, evaluate the dynamic relationship of the three branches of the federal government, and analyze efforts to expand the democratic process. Students will also appreciate the basic democratic values of our state and nation. Students also understand that a constitutional republic is a representative form of government whose representatives derive their authority from the consent of the governed, serve for an established tenure, and are sworn to uphold the constitution.

COURSE EXPECTATIONS:

In order to achieve our goal of mastering the essential knowledge and skills of this course, students in this course are expected to be present, be prompt, be prepared, be polite, and be productive. Each student will be held accountable for class work, homework and tests.

REQUIRED MATERIALS:

Students are expected to come to class prepared and with the required materials. Failure to do so will result in wasted class time, slower learning, and possible disciplinary action. Please have the following items with you every day. (Certain items may be kept in the classroom.) In addition to the following list of supplies, students are expected to carry their PowerUp computer with them--at all times—and an outside reading book that can be checked out in the school library or on their PowerUp computer.

2” binder
Notebook paper
Blue or Black Ink Pens and Pencils
Multicolored Highlighters

HOMEWORK REQUIREMENTS:

Homework will be regularly assigned. Consistent failure to complete homework assignments will result in slower learning, below level mastery of objectives, poor grades and parent/teacher/student conferences.

GRADING SCALE:

Test/Performance Assessment = 35%
Class Work = 30%
Quizzes = 20%
Homework = 15%

ABSENCE AND MAKE-UP LEARNING POLICY:

If you are absent, you are required to make up the **learning** that you miss. There is no way to recover the time lost when a student is not class. In an effort to keep your learning on track when returning from an absence, I may require one or both of the following: time in my classroom after school, work/reading to be done at home. These measures are the sole responsibility of the students to initiate and must be completed within one week of the absence(s).

LATE WORK:

Assignments are late if they are not turned at the time requested. Grade penalties and the amount of time allowed to complete the assignment are as follows:

Late Work related to an absence:

3 days to turn in the assignment no points deducted full credit eligible

Late Work NOT related to an absence: Business Days

1 day late	-10 points	max 90
2 days late	-20 points	max 80
3 days late	-30 points	max 70
4 days late	-40 points	max 60
5 days or later	zero assigned to the grade book	

ACADEMIC DISHONESTY:

Except during designated group work, you are expected to complete homework, class work, and tests on your own. If you use someone else's work—even a phrase—in an essay or assignment, or talk during a NO TALKING assignment, such as a quiz or test, you will receive a ZERO and your parents will be notified. If you copy or otherwise cheat, you will receive a ZERO and your parents will be notified. Cheating is unacceptable and will not be tolerated, but more importantly, cheating does not prepare you to make it on your own.

CELL PHONE POLICY:

Generally, the use of cell phones during class is a distraction and impedes the learning process. Therefore, cell phone use is prohibited during class, unless specifically stated otherwise. On occasion, I may collect cell phones from students at the beginning of class and return at the end. If a student is asked to surrender their cell phone and fails to comply, the disciplinary action prescribed by school policy and procedures will apply.

COMMUNICATION:

All information about the class will be on the HUB. You will see **information** about assignments and meetings in **Announcements** every time you log in to the HUB. Your **course work** can always be found in **Resources** on the HUB.

I use email to contact students and parents. For students, I will use your school email account. I expect you to check your email every day. Parents, please feel free to send me your email so I can reach you, if needed.

You can contact me several different ways. Below is a list from the best to the worst ways to reach me.

1. Send me an email – joyce.curry@houstonisd.org. I check my email multiple times a day. This is the very best way to reach me. I will answer within 24 hours. I will do my best to answer you the same day but sometimes that won't be possible.
2. Come to my classroom during tutorials.
3. Send a message through TEAMS. This is not my preferred method of communication because I cannot easily refer to your work on the HUB. Only use this if you absolutely have to.
4. Send me a message through the HUB. This is my least favorite method of communication. If you do this, do not expect an immediate answer. I don't always notice or remember the messages that come through to me on the HUB.
