2021-2022 RESOURCE DIRECTORY FOR HARRIS COUNTY

Designed for Agencies Serving Youth & Families

This directory includes only the most commonly used nonprofit, United Way, church and government resources available to the general public and is not intended to be complete. Private, for profit services are sometimes included if there is a lack of nonprofits for that service, or they offer some free or specialized program to the community. It is intended to be an organized informational guide for professionals working with youth. **Inclusion does not denote endorsement or recommendation.**

Directory information rapidly becomes outdated and a new directory is published annually. If you find errors or have information on new resources, please feel free to contact us so that we can stay as up-to-date as possible. For current information regarding state agencies, we recommend you contact the agency.

Community Youth Services (CYS)

Administration: 6300 Chimney Rock

832-927-6300

Matthew Broussard, Youth Services Division Administrator

Kristen Ballard, Program Director

Community Youth Services, a program of Harris County Resources for Children and Adults, is a school-based crisis intervention, counseling, and case management service that provides practical assistance to families of children and youth who are experiencing problems. In partnership with the local schools/other governmental entities, the services of CYS are available to students in 13 Harris County school districts, as well as the Pasadena Police Department, and the Educational Services Division of the Harris County Juvenile Probation Department. All services of CYS are voluntary and provided at no cost to the family. In counseling youth and their families, CYS also searches among the many agencies throughout Harris County to locate and help clients obtain needed social services to resolve family problems. Truancy, runaway, pregnancy, drug, school, economic and family problems are appropriate referrals. When providing services, CYS will visit the family in their home or at the CYS offices on the school campus in the client's community. CYS can also serve as a liaison with other youth serving agencies of the county such as Juvenile Probation, Children's Protective Services and The Harris Center for Mental Health and IDD when youth and family have multi-agency involvement. To get help, simply telephone the Youth Service Specialist (YSS) for your school district or their supervisor during school hours.

This year's edition of the Harris County Community Youth Services (CYS) Resource Directory is dedicated to Ginger Harper, the former director of CYS, who retired in 2021.

Ginger devoted her career to removing obstacles to youth success in school. She embodied the mission of CYS (*improving the lives of youth and their families through advocacy, education, and personal empowerment*) and the strength of the CYS program today is a result of her commitment to strengthening family systems for children and youth in Harris County.

Ms. Harper's impact has been felt across the span of her career and has inspired countless school based CYS staff to help youth secure a sound future through education.

The mission of CYS is to improve the lives of youth and their families through advocacy, education and personal empowerment.

Youth Services Division (YSD) Safety Net Project

John Magliolo, Safety Net Project Manager

Cherease Glasper, Safety Net Project Youth and Family Coordinator

The YSD Safety Net Project is designed to prevent initial runaway episodes by adolescents, and to successfully intervene in the lives of adolescents who do run away, in an effort to prevent youth homelessness. The Project's goal is to successfully address and reduce family and school conflicts that a youth may be experiencing and to teach more effective strategies than running away. This goal is achieved through: 24-hour crisis counseling through the Harris County Youth Services Center (832-927-6300); effective coordination of services with partnering agency staff; assistance with emergency shelter placements or other safe housing alternatives (subject to approval); the provision of contract services for free individual, family, and/or group Brief Solution Focused therapy; and the limited provision of financial assistance to obtain basic needs items. Youth 10-17 years old who are currently homeless; currently on runaway status and/or living in a voluntary placement away from one's legal guardian(s); or who are at risk for running away or are contemplating running away in the future, are eligible to receive Project services. Any youth/young adult who contacts the Project, but who is deemed ineligible for Project services, will be provided with more referrals/services that are appropriate. The Safety Net Project is grounded in the Positive Youth Development Philosophy that promotes youth leadership and services through its youth board or council, which engages in various community projects and outreach activities geared toward youth ages 12 to 21. This philosophy suggests that the best way to prevent young people's involvement in risky behavior is to help them to reach their full potential. This not only includes providing counseling and supportive services, but also youth development activities to build confidence and competence in young people in order for them to thrive and become productive citizens. To obtain more information about services, call the Safety Net Project Manager or the Safety Net Project Youth & Family Coordinator.

Guardianship (HCGP): The Harris County Guardianship Program is appointed as legal guardian for indigent adults who Harris County Probate Courts have determined are incapacitated due to age, mental and physical disabilities. Specially trained case managers help clients maintain the highest degree of dignity, respect and independence while protecting them from abuse, neglect, and exploitation. Case managers organize and oversee: medical care, daily needs (purchase of clothing, shoes, hygiene care, etc.), housing, property, finances and funerals. Guardianship services are often a long-term commitment and continue until the client improves to the point that they are fully capable of maintaining their own affairs, the court finds a successor guardian (such as family or friends), or the client passes away.

Senior Justice Assessment Center (SJAC): The Senior Justice Assessment Center serves the complex and unique needs of senior victims of abuse, neglect, and/or exploitation. SJAC collaborates with experts in geriatric medicine, social services, protective services, law enforcement, and civil and criminal prosecution, to provide services to seniors. As the senior population grows and the frequency of elder abuse rises in Harris County, SJAC aims to ensure the dignity of seniors by increasing awareness, education, and prosecution of elder abuse. Services include assessments, multidisciplinary team meetings, case coordination, treatment referrals, education and research. The multidisciplinary team includes Harris County Protective Services (HCPS), Adult Protective Services (DFPS), Better Business Bureau Education Foundation, Harris County Attorney's Office, and Harris County Area Agency on Aging, Harris County District Attorney's Office, Harris County Sheriff's Office, Harris Health System, Houston Police Department, and UT Health.
