

# EVERY COMMUNITY EVERY SCHOOL

CONNECTING SCHOOLS TO COMMUNITY RESOURCES AND WRAPAROUND SERVICES TO IMPROVE THE WELL-BEING OF ALL STUDENTS

With support from the city of Houston and with funding from the Houston Endowment, HISD has developed **Every Community Every School**, a comprehensive initiative to connect schools to non-academic supports needed to improve the well-being and academic achievement of all students. Often called wraparound services, these non-academic supports address critical issues such as mental health and physical health needs, food insecurity, lack of stable housing, violence, incarceration of a parent, and many other challenges that can have adverse effects on a student’s readiness and ability to learn. When wraparound services are provided in tandem with strong academics and

high-quality teaching, schools can truly meet the needs of the whole child and graduate students who are college and career ready.

## THE PLAN

The plan for **Every Community Every School** is based on the findings of interviews with Houston civic and community leaders; the study of other large cities and school districts with wraparound service programs; input from district, school, and teacher leaders at HISD; analysis of HISD, TEA, and Census data; and the review of existing local efforts.

Wraparound services cannot replace strong academics; the two must work together to address the whole child’s needs.

## CAMPUS WRAPAROUND SPECIALIST

Schools in cohort one will be provided with funding to employ a campus wraparound resource specialist, who will be dedicated full time to the following:

### Building relationships within their school and community

- Establish a strong working relationship with school leadership
- Develop and nurture relationships with students, families, and community members and organizations

### Engaging stakeholders throughout needs assessment and provider selection

- Support school leadership in making data-driven program decisions
- Gather input from community leaders during the decision-making process

### Effectively connecting students to needed services

- Work with a district Wraparound Services Manager to perform campus and community needs assessment, find service providers, and troubleshoot challenges
- Engage families and school staff to better understand student needs
- Develop and manage partnerships with local service providers
- Participate in and learn from resource coordinator community
