ALL ABOUT ME

Hello School Family! It is an honor to be your Technology Support and Ancillary teacher this school year. This is my 14th year in education since graduating from Wiley College in 2006 with a degree in Physical Education. I am from Houston so H.I.S.D. holds dear to my heart. I feel I can pay it forward by being the best I can be for our students each and everyday.

FAVORITE EMOJI

My wife and I recently purchased a home and I really like doing things around the house from décor to maintenance. I enjoy cooking, fishing, tv and going to the museum. With all that is going on I look forward to seeing you both virtually and in person with all the safety measures in place to make your learning experience a great one at Shadydale.
