Hello James Madison Parents

I hope you are all safe during these challenging times. My name is Mr. Adrian Pickett Jr. I am a native of Texarkana Texas and a graduate of Texas Southern University with 28 years of teaching experience.

Presently, I teach World Geography. The goal of the World Geography Team is to educate the whole child and to equip them with a thorough knowledge of both Physical and Human Geography from the forces that shape the earth and make up of the various spheres and climates of our planet. Our students will also study the various aspects of culture such as the types of governments, economies languages, religions, sports and the various form of entertainment that are in the world. We will also look at the ways that humans interact with our physical environment by either adapting to or modifying the earth to meet our needs. Lastly, Students will collaborate with classmates on assignments and learn from group activities the technology and personal skills needed to thrive in a multi-cultural world and in the future work force.

It is an honor to teach your child and I look forward to collaborating with you to best meet the needs of our students. If you have any questions, I can be reached by phone @ 713-885-3146 or email [apickett@houstonisd.org](mailto:apickett@houstonisd.org). Thank You

Adrain Pickett Jr.  
World Geography Teacher  
Madison High School  
2021-2022
