Dear Parent/Guardian,

My name is Ms. Mia Piper and I would like to introduce myself to you as your student's English II teacher for this 2020-2021 school year. I am a 2011 graduate of McNeese State University in Lake Charles, Louisiana. This is my third year at Madison High School, and I am excited get to know your student.

Starting off this school year on the right foot, I have set high expectations for them, with the hope of building on their learning foundations, reading comprehension and writing skills. As of right now, they will have online live instruction and assignments that are expected of them. Their active participation is also factored into their grades. They do have opportunities to make up missed work, as well as work that is just not turned in, even when they are present.

I am a passionate advocate for their education and their development, and I want your child to be successful this year. I would love for us to be able to communicate and collaborate in a positive manner regarding your child's learning experience. Moving forward, I am open to feedback and suggestions, as well as any insight you can provide on your child. I encourage you to communicate with me as much as you need to.

You can always reach me at the email. Again, I look forward to working with you!

Warm regards,

Mia Piper

English II Teacher
