Greetings Scholars!

My name is Ms. Blue and I am your enthused English teacher this year. Welcome to your Junior year of high school. You are so close to the finish line. This year, we will be “Virtually Unstoppable”!

Our learning focus in English III is to use our skills and knowledge to build upon all former grades using increasingly intricate American literature texts, as well as to develop more sophisticated levels of writing and speaking. In short, you are using the knowledge and skills you acquired in 9th and 10th grade to apply to more complex texts and writing assignments. It will demand another level of scholastic effort, but we will take this journey together.

As your honored teacher, I am skilled and trained to help you on your path to graduation. I have been teaching for over 20 years, from Florida to California to Texas. I am still very passionate about my craft and take pride in being most of my former students’ favorite teacher. This is my second year at Madison High School, and I am proud to be a Marlin!

While we’ve all been faced with the challenges of working through a “new normal” in the midst of a global pandemic. I have complete faith that we will come out on the other side of this stronger, smarter, and more prepared to meet the challenges of a 21st century world. I will give my best effort to prepare you to be critical thinkers, strong readers, and capable citizens. You will commit to matching my best effort so that we will indeed be “Virtually Unstoppable”!

Thankfully,

Ms. Blue

English III/AP Lang. and Comp.
