BENEFICIARIES

Please ensure you have appropriately elected beneficiaries where plans such as life insurance and Aflac require them. If you want your beneficiaries changed immediately, you may do so at any time online or by calling the Benefits Service Center. If you elect/change beneficiaries during annual enrollment, these will not be effective until Jan. 1, 2021.

CIGNA DENTAL INSURANCE ENHANCEMENTS

There are new Cigna options to choose from: The PPO now has a buyup option where you can add more to the maximum amount you can spend each year. This plan allows for a \$2,000 maximum and removes the deductible for preventive. We also have the same plan that we currently offer for PPO members. The rates are changing so please review the new rates.

For the DHMO plan, members still have one option, but the fee schedule has been enhanced to include a few more codes for treatment for participants. Remember for the DHMO plan, you only need to pay the copay listed on the fee schedule for each covered service.

CIGNA DISCOUNT DENTAL

Beginning January 1, 2021, Cigna will be the new provider for the discount dental plan. There are two coverage levels – employee only or employee plus family. Employee only will be \$2.50 per pay period, and employee plus family will be \$5 per pay period. To see what this plan provides, what fees for services will be, who the providers are, and additional benefits this program offers, visit www.CignaPlusSavings.com or call 1-877-521-0244. You cannot logon to Cigna.com for this program. All current members will be mapped to the new plan to ensure that dental coverage is in place for 2021. If you do not want this plan, please go online or call the Benefits Service Center to make your changes during the annual enrollment period.

EYEMED VISION

New vision plans this year cover basic and plus options. The plan even covers retinal imaging if you prefer that to the usual dilation process. Your allowances should provide you with enough dollars and buying power to get what you need for your vision care. Please review plan options carefully.

TRIBUTE TO HEROES

Myrna Matthews

“I’m a cardiac nurse. I’ve been a nurse for 17 years. I became a nurse to help others when they can’t help themselves. I believe that I can’t save anyone’s life myself. I can only do what God gives me the power to do. I’m the hands and feet of Jesus; if I go to work everyday and make my patients and their families feel safe and loved, I have done my job. At the end of the day, it’s my patients and their families that are a blessing to me. I get to see love, compassion, and forgiveness in the most raw forms and in that I’m given hope for my next shift.”—Myrna

Thank you for all that you do, Myrna!

IMPORTANT REMINDERS

ANNUAL ENROLLMENT IS NOVEMBER 2-20, 2020

Take advantage of the tools on
HISDbenefits.org to get started.

OTHER ITEMS TO NOTE

WORKING COUPLES

If you and your spouse both work for HISD, each of you may have coverage, but only one of you can cover your eligible dependents. In addition, only one employee can enroll in life insurance on their spouse.

ELIGIBLE DEPENDENTS COVERAGE

Every year it is important to review your eligible dependents, as they are the only dependents who can be covered under your plans. It is your responsibility to change coverage levels if you have over-age dependents (life, accident, hospital indemnity, critical illness, cancer, etc.).

If you have a dependent who no longer qualifies as an eligible dependent, you must notify the Benefits Service Center at **1-877-780-4473** immediately. If you fail to do so, we will make an adjustment to remove the dependent when we discover the ineligible dependent while auditing our plans, and there will be no refund of premiums paid.

EMPLOYER-PROVIDED LIFE AND AD&D INSURANCE

HISD provides \$10,000 each of Life and AD&D insurance coverage at no cost to all employees who are eligible for health benefits. You also may purchase supplemental life with a matching AD&D benefit for you, your spouse, and your dependent children

A STEP-BY-STEP GUIDE TO CHOOSING THE BENEFITS THAT WORK FOR YOU

CHOOSE THE PLAN THAT'S THE RIGHT FIT

HISD offers several options for your medical plan. Be clear on what's important to you. Verify which network your doctors are in with Aetna. And this year, pay particular attention to your plan options to ensure you find the right fit for the things that are most important to you.

COMPARE YOUR COVERAGE OPTIONS

You can expect to pay more in premiums when you choose a medical plan with greater flexibility in the doctors you use—or one that requires you to pay less when you use your health care. It's a trade off that may not always be worth it. Think about how you use care, and gauge your comfort level to find the right balance.

CONSIDER YOUR VOLUNTARY OPTIONS

Add on the extras that make sense for your family.

NOW YOU'RE READY TO ENROLL

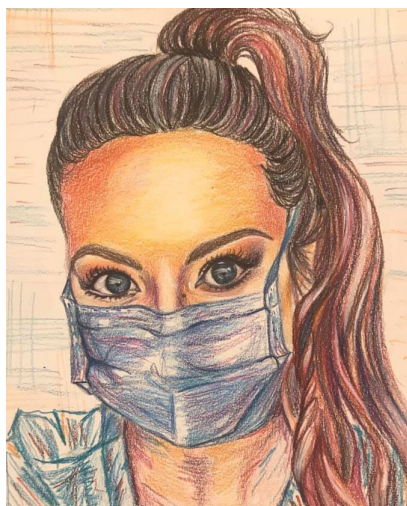

Log on to myHISD to get started.

TRIBUTE TO HEROES

Silvia Wise

This is Silvia Wise. She is a true hero.

"I work as a medical/surgical nurse but our unit was moved to care for only COVID-19 patients. So since this started, I've been working on a COVID-19 unit trying to help these patients recover and helping them do face-time calls with their family members. I have two boys at home and my husband, who have been great supporters. I love working as a nurse and want to thank everyone for all of their support!"

Everyone has different needs, health challenges, budgets, and goals. By carefully considering your medical plan options, you can choose the plan that works best for you and your family. With options being offered for 2021, it's especially important to:

- **Know how the plans work.** This section has descriptions of your 2021 medical plan options. Be sure to read about each plan before you enroll for benefits during Annual Enrollment. Check Medical Plan 101 below for definitions of common terms.
- **Check plan networks** for the doctors you use.
- **Think about how you and your family use health care.** Do you use mostly preventive services during the year? Are you anticipating a hospital stay? Do you live with a chronic medical condition? The more health care you use, the more coverage you may need.
- **Consider your budget.** Check the plan charts in this section to see what you will pay in premiums for each option. Compare premiums to see how much you pay for care versus how much the plan pays. The more you pay of your own healthcare costs, the less you will pay in premiums and vice versa.

MEDICAL PLAN 101

While your 2021 plan options offer different coverage levels and premium rates, they have features in common.

Effective January 1, 2017, HISD no longer contributes to the Healthcare Reimbursement Account (HRA). The HRA is an HISD-funded account for those who were previously enrolled in one of the legacy Consumer or Select plan options that may be used to pay for covered services under the medical and pharmacy plan, up to plan limits. Members may continue to use any funds left over from previous years to pay for eligible expenses, as long as they are currently enrolled in an HISD medical plan. HRA balances are forfeited when an employee is no longer enrolled in an HISD medical plan or is no longer employed with HISD.

For members that had existing healthcare flexible spending accounts, their HRA rollover amounts were added to their FSA debit cards through PayFlex in April 2020. For members who did not have existing healthcare flexible spending accounts, new PayFlex debit cards were issued in April 2020 for their HRA rollover balance amounts. For all members with an existing HRA balance, the HRA will pay first and the FSA will pay last. Members may use the PayFlex debit cards to pay for eligible medical and pharmacy claims. HRA dollars can be used to help meet deductible and coinsurance amounts.

If you choose a plan with a low deductible, the plan will start to pay sooner, but you will pay more in premiums. A plan with a higher deductible will cost less in premiums, but you will pay more of your own expenses before the plan starts to pay.

- Once you meet the deductible, the plan pays a percentage of covered services. You pay a percentage as well. This is called your coinsurance. For example, if the plan covers a service at 80%, your coinsurance is 20% once you've met the deductible. Plans that pay a higher percentage of your covered expenses cost more in premiums than those that pay a lower percentage.
- If there is money in your HRA, you may swipe your payflex debit card to pay for eligible expenses. If not, and you elect a Health Care Flexible Spending Account (FSA) during Annual Enrollment, you can use your FSA to pay toward your out-of-pocket expenses.

All medical plan options pay benefits ONLY when you receive care from network providers.

If you seek care outside the network, you will pay the full cost of care out of your own pocket.

- For some types of expenses such as some medical or prescription drug expenses, you pay a flat fee or **copay**. If not, and you elect a Health Care Flexible FSA during Annual Enrollment, you can use your FSA to pay copays.
- Once the total amount you pay in deductible and coinsurance reaches the **out-of-pocket maximum**, the plan pays covered expenses at 100% for the rest of the year.
- Each time your network doctor or other care provider files a claim with Aetna, an **Explanation of Benefits (EOB) statement** is generated. It shows the service provided, how the claim was processed, any amounts paid, and how much you may owe. It also shows your progress toward meeting the plan's deductible and out-of-pocket maximum.

You'll be able to view EOB statements on your member website at **Aetna.com**.

The charts in this guide show each plan's deductible, coinsurance, copay, and out-of-pocket maximum amounts.

TEXAS MEDICAL NEIGHBORHOOD PLANS

THERE ARE TWO TEXAS MEDICAL NEIGHBORHOOD PLAN OPTIONS

THE BASIC PLAN offers lower premiums than the Plus option but has higher deductible and coinsurance amounts. This means you will pay more when you need health care. If you do not visit the doctor often and use the plan mostly for preventive care, the Basic option may be right for you.

THE PLUS PLAN has higher premiums than the Basic plan, and the deductible and coinsurance amounts are lower. This means more of your expenses will be covered when you need care. If you think you will visit the doctor often and need more care, the Plus option may be right for you.

When you enroll in the plan, you are required to select a Primary Care Physician from the Texas Medical Neighborhood Network. If you do not select a Primary Care Physician, one will be assigned to you based on your zip code. Your primary care doctor will provide routine and preventive care, and help you find the right network specialists when you need one. However, specialist referrals are not necessary if you want to see a specialist.

Important: The Texas Medical Neighborhood Network plan pays benefits **ONLY** when you receive care from network providers. If you seek care outside the network, you will pay the full cost of care out of your own pocket.

Both plans include prescription drug benefits administered by Express Scripts. You must meet a separate prescription drug deductible each year and then pay the appropriate copay for your prescriptions.

THE TEXAS MEDICAL NEIGHBORHOOD NETWORK

The Texas Medical Neighborhood Network is a broad network that includes most Aetna contracted providers in Houston and the surrounding areas.

There are 20 specialist categories that are tiered. Those that are listed as “Maximum Savings” are considered Tier 1 providers, which means the plan will pay a higher coinsurance amount for these providers once the deductible is met. Those that are listed as “Standard Savings” are considered Tier 2 providers, which means the plan will pay a lower coinsurance amount for those providers once the deductible is met.

YOUR PRESCRIPTION BENEFITS

All medical plan options include prescription drug benefits through Express Scripts available at any participating pharmacy and through mail order. Here's how the plan works:

- You pay a separate prescription drug deductible each year before the plan starts to pay its share of your prescription drug costs.
- Once you have met your deductible, you pay a copay for your prescriptions.
- The money you pay out of pocket for drugs, either in copays or in meeting your deductible, is applied toward meeting your medical plan's annual out-of-pocket maximum except for the specialty drug copays, which are eligible for the SaveonSP Manufacturer Copay Assistance Program.
- When your medical annual out-of-pocket maximum is met, your prescription drugs will be covered at no cost to you for the remainder of the calendar year.

NO-COST PRESCRIPTIONS FOR HIGH BLOOD PRESSURE, HIGH CHOLESTEROL, AND DIABETES

Generic drugs for high blood pressure, high cholesterol, and diabetes (including injectable insulin) remain available at no cost to you, as long as you are enrolled in an HISD medical plan and purchase 90-day supplies through Express Scripts or at an Express Scripts retail Smart90 pharmacy partner.

HISD plans also cover women's generic contraceptives (as well as those that have no generic available) at 100%.

FILLING PRESCRIPTIONS AT RETAIL PHARMACIES

With Express Scripts, HISD's pharmacy benefits management company, you have a choice of participating pharmacies. If you need a short-term prescription like an antibiotic or pain medication, take the prescription and your Express Scripts member ID card to any of these participating pharmacies.

For long-term and maintenance medications, the **Smart90 Program** allows you to receive a 90-day supply of your medication in two ways—either through the Express Scripts' Mail Service Pharmacy (online, by phone or through mail) or at a **Smart90** retail pharmacy near you. No matter which option you choose, your copay remains the same. You must obtain a 90-day prescription from your physician, and you can pick up your 90-day maintenance prescription locally at Costco, HEB, Kelsey-Seybold Kroger, Randall's, and Walmart or through mail order. Refer to www.Express-Scripts.com or call Express Scripts at **1-855-712-0331** for the most current network information.

For new long-term drug prescriptions, you can get two 30-day supplies of your medication at any network retail pharmacy for the retail copay, but after that you will need to use the

Smart 90 Program described above or you will have to pay the mail copay to receive a 30-day supply at any network retail pharmacy. Ordering a 90-day supply through Express Scripts Mail Service Pharmacy or a Smart90 retail pharmacy (retail location or mail order) will result in substantial savings to you for long-term and maintenance medications.

FILLING PRESCRIPTIONS WITH THE MAIL ORDER SERVICE

The Express Scripts mail order service is a cost-effective and convenient choice for filling long-term prescriptions, including those for maintenance medications provided at no charge. To use the mail order service:

- Go to **HISDBenefits.org** and click on the prescription drug icon to access the mail order form.
- Complete the mail order form and mail to the address indicated.
- Once you've placed your order, you can sign up for the Express Scripts automatic refill program. Express Scripts will even request a new prescription from your doctor when your refills are up or your prescription has expired.

IF YOU NEED SPECIALTY DRUGS

When you have chronic or complex medical conditions such as multiple sclerosis or rheumatoid arthritis, your doctor may prescribe specialty drugs. These drugs typically require special handling, administration or monitoring. You can order specialty drugs through Accredo, the Express Scripts specialty mail order pharmacy.

You also may be able to take advantage of the **Express Scripts SaveonSP (Specialty Pharmacy) Manufacturer Copay Assistance Program**. This program is designed to help you save money on certain specialty medications. If you participate, certain specialty medications will be free of charge (\$0). Your prescriptions will still be filled through Accredo, your existing specialty mail pharmacy.

Express Scripts will contact you if you are eligible to participate in the SaveonSP program. Enrollment in the program is voluntary. If you choose not to participate, you will be responsible for the applicable prescription copay. Keep in mind that the copay will not count toward your deductible or out-of-pocket maximums.

For more information about the SaveonSP Manufacturer Copay Assistance Program, please contact SaveonSP at **1-800-683-1074** Monday -Thursday 8:00 a.m.-8:00 p.m., and Friday 8:00 a.m.-6:00 p.m. Eastern Time.

YOUR PRESCRIPTION BENEFITS

THE EXPRESS SCRIPTS DISCOUNT RX PROGRAM

If you waive HISD-sponsored medical coverage, you may enroll in the Express Scripts Discount Rx program. Eligible employees can enroll by:

- Signing up via the HISD portal
- Calling the HISD Benefits Service Center from 7:00 a.m.- 7 p.m., Monday-Friday, at 1-877-780-HISD (4473).

You can enroll at initial eligibility, annual enrollment or during a qualifying life event change.

The program entitles you to a cash discount through Express Scripts participating pharmacies and mail service. The Discount Rx card is not insurance, and you do not have a copay amount. You are responsible for paying 100% of the discounted Express Scripts price and any dispensing fee. Express Scripts will provide you an ID card when you choose to enroll.

THINGS TO CONSIDER ABOUT YOUR PHARMACY PLAN

Express Scripts prior authorization drives plan savings by monitoring the dispensing of high-cost medications and those with the potential for misuse. Our program ensures drug coverage consistent with the client's intent for the prescription benefit, while maintaining member and physician satisfaction. Twenty-four hours a day, personnel specially trained on our PA program's diseases, drugs, and coverage criteria provide review services, giving physicians and pharmacists quick, easy access to information and ensuring effective treatment by monitoring patient response to therapy.

The Step Therapy program applies edits to drugs in specific therapeutic classes at the point of sale. Coverage for back-up therapies (second/third step) is determined at the patient level based on the presence or absence of front-line drugs or other automated factors in the patient's claims history. Our systems' capability supports automatic concurrent review of patients' claims profile for use of front-line alternatives. Only claims for patients whose histories do not show use of first-step products are rejected for payment at the point of sale.

The Drug Quantity Management program manages prescription costs by ensuring that the quantity of units supplied for each copayment are consistent with clinical dosing guidelines. The program is designed to support safe, effective, and economic use of drugs while giving patients access to quality care. Express Scripts clinicians maintain a list of quantity limit drugs, which is based upon manufacturer-recommended guidelines and medical literature. Online edits help make sure optimal quantities of medication are dispensed per copayment and per days' supply.

CONSIDER YOUR VOLUNTARY OPTIONS

FLEXIBLE SPENDING ACCOUNTS (FSA)

Flexible spending accounts allow you to set aside money to pay for eligible health and dependent day-care expenses.

Your contributions are taken out of your paycheck before taxes, which means your money goes further because it's tax-free. That's why an FSA can be a smart choice for anyone who has regular predictable health or dependent day-care costs.

You decide the amount ahead of time based on your expected out-of-pocket expenses for the entire calendar year.

For more information, visit the IRS website at **IRS.Gov/Publications** for a full list of eligible expenses.

PAYFLEX DEBIT CARD

If you already have your PayFlex debit card and decide to enroll in the Healthcare Flexible Spending Account (FSA) for 2021, you will be able to use the same card, which is already active and ready to go. Please retain this debit card for use as you continue to enroll each year in the healthcare flexible spending account. Take note of the expiration date – you will be issued a new debit card based on this date.

PLEASE NOTE

You have to enroll in your FSA each year. There's no automatic enrollment.

If you join HISD after January 1, 2021, your deductions are allocated over the remaining pay periods for the calendar year to reach your annual goal amount.

BE CAREFUL

Estimate the amount you expect to spend carefully.

You lose any funds you don't use.

HEALTH CARE FSA

- You can set aside up to \$2,750.00 pre-tax to pay for eligible healthcare expenses that are not reimbursable from any other source.
- You can use your FSA for all eligible healthcare costs for you and your dependents, including vision and dental, even if your dependents are not covered under an HISD medical plan.
- 2021 FSA contribution limits will be posted after the IRS releases the information in late November 2020.
- The full amount you set aside is available to you on January 1, 2021, even though it is deducted from your paycheck over 24 pay periods.
- You have a 2½-month grace period to incur additional claims and until May 15th to file for reimbursement.

DEPENDENT DAY-CARE FSA

- You and your spouse can set up a combined total of up to \$5,000 pre-tax to pay for day-care and eldercare expenses for a qualified person so you can work or look for work.
- Unlike the health care FSA, you can only be reimbursed funds that have already been withheld from your paycheck.
- Eligible expenses include day care, nursery school, after-school care, and summer day camp. **You can't use this account to pay for dependent medical expenses.**

PLEASE NOTE

You will receive a healthcare debit card from Payflex (an Aetna partner) with your available funds.

IMPORTANT

If you have money in a previous year's Health Reimbursement Account, you must use this money first to pay for eligible medical expenses before using your FSA.

CONSIDER YOUR VOLUNTARY OPTIONS

CIGNA DENTAL HMO – CIGNA'S ACCESS PLUS NETWORK

- Coverage includes dental implants and teeth whitening.
- You must choose a network general dentist (NGD) and use only providers in this Cigna DHMO network. The cutoff for choosing or changing your NGD is the 15th of each month in order to be effective the first of the following month.
- You must be referred for specialty services through your NGD before specialty services can be rendered. For more information visit [HISDBenefits.org](https://www.HISDBenefits.org).
- You pay the set copays when you receive covered services, but you don't pay deductibles or have to file claim forms.
- Services outside the network are covered only in emergencies and require prior approval from Cigna Dental.
- You must use the DHMO fee schedule to determine covered expenses and copays.
- Orthodontia is included.
- No annual limits.

CIGNA DENTAL PPO

- Coverage includes dental implants and adult orthodontia.
- Cigna's Oral Health Integration Program provides extra cleanings and services for chronic medical conditions.
- You pay a deductible before the plan begins to pay its share of covered expenses.
- You may use any provider you choose, but keep in mind you generally save money by using an in-network provider. If you use an out-of-network provider, you are responsible for costs that may exceed the usual, customary, and reasonable guidelines; in this case, you must file a claim form.
- There is an annual maximum benefit of \$1,350 to \$1,650 per person in the PPO or \$2,000 for the buyup option.
- This plan includes a Wellness Plus feature. You and your covered dependents can increase your annual maximum by \$100 in the following year (up to a total maximum of \$1,650) by taking advantage of the plan's preventive care.
- The PPO buyup plan does not have a deductible for preventive.

See charts for more details on this plan.

COVID-19 AND YOUR AFLAC BENEFITS

PLEASE REVIEW THE FAQs BELOW FOR ANSWERS TO YOUR QUESTIONS CONCERNING YOUR AFLAC BENEFITS AND COVID-19.

Q: I was diagnosed with COVID-19. Will Aflac pay benefits for the period of time I am unable to work? Will I have to pay premiums during that time?

A: You will need to look to your Disability coverage for help during this time period. Aflac's plans offered at HISD do not specifically address time off from work.

Q: I am in the hospital with COVID-19. Will Aflac cover that?

A: Aflac will pay benefits under those circumstances if you have Aflac's hospital plan.

Q: I have tested positive for COVID-19. My local hospital is at full capacity. They have created an alternative care site, and that is where I'm receiving my treatment. Will Aflac cover that?

A: Alternative care sites are occurring in many states, and we treat them like standard hospitals if they provide hospital-level care and care in a hospital was not available.

Q: I need to be tested for COVID-19. Will Aflac cover that?

A: Your test would be covered under the wellness benefits provided by the Accident, Hospital, Cancer, and Critical Illness plans.

Q: What if I am unable to see a doctor in person, so I use telemedicine? Will Aflac still cover me?

A: Aflac considers a telemedicine visit the same as an in-person visit to the doctor.

Q: I haven't tested positive for COVID-19. However, I possibly have been exposed to the virus. My doctor thinks it is best that I remain in self-isolation or the government has put me under quarantine. Will Aflac pay benefits while I'm staying home?

A: Not under these specific plans.

WELLNESS RESOURCES

Your HISD medical plan includes benefits, programs, and services that can help you and your family live healthier lives and save money. Get to know what's available and take advantage of them to reach your wellness goals.

PREVENTIVE CARE COVERED AT 100%

Routine preventive care is one of the keys to good health. Even if you are in the best shape of your life, a serious condition with no symptoms could put your health at risk. By getting preventive care, you and your doctor can catch problems early and prevent certain conditions altogether.

HISD follows the American Medical Association's guidelines for preventive care. They define preventive care as services provided when you do not have any symptoms and have not been diagnosed with a health issue connected with a preventive service. Examples are mammograms, prostate exams, and colonoscopies. **Preventive care that meets the AMA's guidelines is covered at 100%.**

If your doctor determines that you have a health issue, any additional screenings and tests after your diagnosis are not considered preventive. These services are covered at the appropriate coinsurance once you have met the deductible.

YOUR PRIMARY CARE DOCTOR: YOUR PARTNER IN GOOD HEALTH

Preventive care is typically provided during a wellness exam with your primary care doctor (PCP). He or she can tell you which routine preventive tests and screenings are right for you based on your age, gender, personal and family health history, and current health status.

If you enroll in the Texas Medical Neighborhood Network ACO plan, you will be required to select a network PCP, but you may change it at any time. The Memorial Hermann ACO Network plan and the Kelsey-Seybold ACO Network plan do not have this requirement, but we encourage you to select a PCP.

Why is this important? Your PCP is your first stop for care. He or she:

- Gets to know your goals and health history
- Provides preventive and basic care
- Can help you find a specialist when needed
- Can help coordinate services with other providers

FREE MEDICAL CARE AT HISD EMPLOYEE HEALTH & WELLNESS CENTERS OPERATED BY NEXT LEVEL URGENT CARE

If you are enrolled in a HISD medical plan, you and your covered dependents ages 5 and up pay nothing for your medical care at the HISD Employee Health & Wellness Centers. If you are eligible for benefits but not enrolled in an HISD medical plan, you can still use the centers for \$65 per visit plus any applicable lab fees.

With two onsite locations, the centers provide a great alternative to high-cost emergency centers or urgent care facilities for low-cost, non-emergency services, including:

- Preventive care and limited chronic conditions
- Routine immunizations
- Acute and urgent care for infections, minor burns, and more

Please note: The centers do NOT treat workers' compensation injuries.

In addition to these onsite clinics, medical plan members and their covered dependents can visit any Next Level Urgent Care Center location for a flat fee of \$20. Kelsey Select ACO Plan members and covered dependents can access these centers at no cost.

SAVINGS ON LAB WORK WITH QUEST AND LABCORP

You can save big on lab services with Quest Diagnostics and LabCorp, Aetna's preferred national labs. Here's how:

- If your doctor is collecting your sample in the office, ask that it be sent to a Quest or LabCorp lab.
- If your doctor is sending you to a lab for the testing, ask for a lab requisition for Quest or LabCorp lab.
- Please remember, if you are in the Kelsey plans, you cannot use Quest Labs; you must use the lab facility in the Kelsey clinics (LabCorp)

It's easy to find a lab near you. Just log in to [Aetna.com](https://www.aetna.com) and click "Find Care & Pricing" on the home page. Register first if you have not already. How to visit the website

1. Log into myHISD
2. Scroll down to Employee Resources
3. Click on the “403(b)/457 Plan administration” link

What is a 403(b) or 457 retirement plan?

All active HISD employees are eligible to voluntarily participate in the 403(b) and 457 retirement plans sponsored by the district, which are like a 401(k). Both type of plans allows for tax deferred growth, meaning more money can accumulate without paying taxes on the interest or growth each year.

How does a 403(b) and 457 Plan work?

HISD employees voluntarily elect to set aside pre-tax money from their paychecks to save for retirement. HISD sends the money directly to the employee's chosen financial institution. Each employee chooses the account type that's right for them, including interest bearing or equity (stock market) accounts. The money grows without paying taxes (tax-deferred) until withdrawal, preferably after retirement.

Who may contribute to the 403(b) and 457 Plan?

You may choose to contribute to the 403(b) or 457 plan or both. Voluntary retirement plans are funded by employee contributions only. No contributions are made by the district.

How do I choose a provider?

Each provider and each product is different so it's important to understand how the 403(b)/457 contract works. Know the costs to get 'in and out' of the contract. Ask questions to understand multiple options (not just the one sold by the representative). You should receive clear answers to your questions and know what's happening with your money.

- Participant is at least age 59 ½
- Roth 403(b) has been open at least 5 years

**If employed at HISD and under age 59 ½, withdrawals are called "hardship distributions".

***Withdrawals from the 403(b) by separated employees under age 59 ½ may be subject to an IRS 10% early withdrawal penalty. Please contact a financial advisor for more information or visit the HISD Benefits portal.

How do I access my 403(b) or 457 retirement money?

Active employees under age 59 ½ have limited access to 403(b)/457 plan money. Taking a retirement plan loan is usually the first option to access the funds. Many providers offer loans, some do not.

Active employees may not withdraw funds from a 457 plan until age 70 ½. Instead, active employees may access funds through loans and unforeseeable emergency withdrawals based on IRS rules.

Penalty-free distributions from a 403(b) may occur under certain circumstances. Please see a financial advisor or visit the HISD Benefits portal.

Special provisions have been made for distributions related to COVID-19, according to section 2202 of the CARES ACT.

TRIBUTE TO HEROES

My name is Kristi Nelson. I am an artist from Houston, and a wife and mother to three beautiful children. I graduated from the University of Houston with a BA in studio arts and a minor in art history. I taught art at Waller High School for five years.

When the COVID-19 pandemic hit, and our family and friends on the frontlines were affected, I felt a need to do something to show my support for what they were all risking as well as experiencing.

After receiving selfies from my sister-in-law and next-door neighbor in their masks, I felt inspired to draw a nurse wearing a mask on our sidewalk with chalk pastel.

Her face was composed of vivid colors to represent a wide array of emotion and she wore a mask. I chose to make the eyes the center of attention by adding the most detail to them. I believe that the eyes are the windows to one's soul and my hope is for frontline heroes to see themselves in the way that so many others do, brave and beautiful.

Above the nurse I added a message that simply stated, "Thankful for these superheroes."

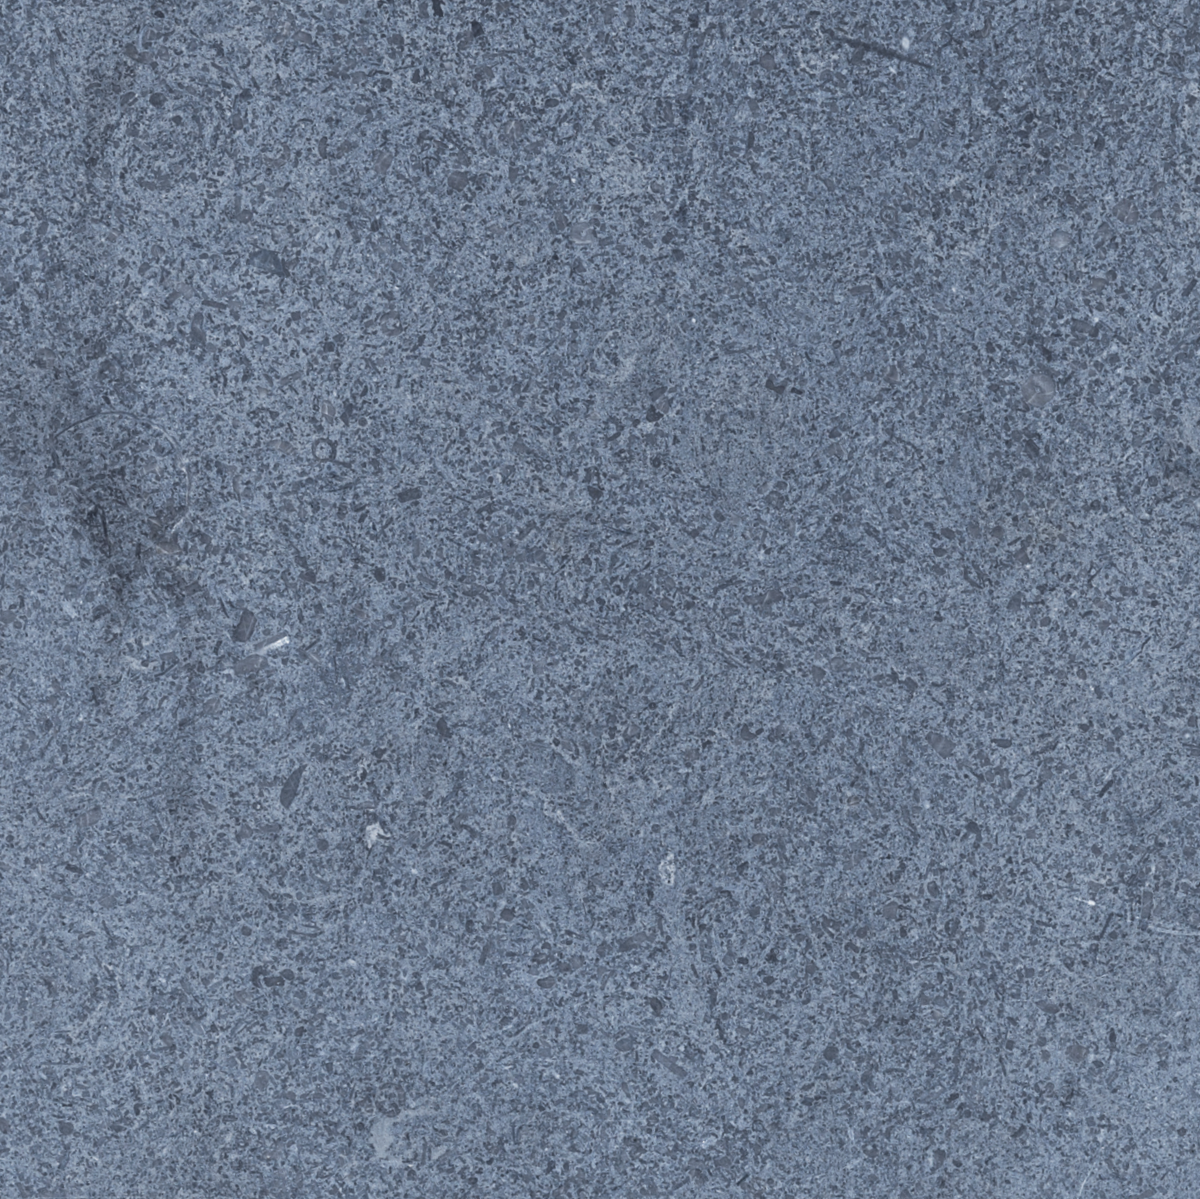

That afternoon I drew a portrait of my neighbor Melissa as a gift to her. She had just started her journey working on a COVID-19 unit and I was eager to pay tribute to her in this way. I drew my sister-in-law Melanie who is a L&D nurse, then my friend Sonia who is a C.A.T.

I explored the details of the eyes of my subjects by using colored pencils. I ventured out to pastel sticks along with heavy bodied acrylic paint. I mix my mediums in every piece depending on the feelings I am presented with during the artistic process.

Soon requests started to come in from all over. I have been on this journey ever since. I do not see an end in sight as there are so many frontline workers who deserve to be recognized and thanked for all they do. This tribute is a small token of appreciation.
