

ZONED OR NOT ZONED?

Thank you for your interest in Westside High School. The first step toward attending Westside High School is to find out if you live within Westside High School's attendance boundary (ZONED), live outside of Westside's attendance boundary but within HISD (NOT ZONED) or if you live out of Houston Independent School District's attendance boundary (OUT OF DISTRICT).

To find out where your student is zoned to attend high school - Click [HERE](#) and enter your address in the "Find your neighborhood school" box

A screenshot of the HISD website's "School Search" page. The page features a navigation bar with links for "About Us", "Board", "Students & Parents", "Directory", and "Careers". Below the navigation bar, there is a "School Search" section with a "School Search" link. A notice states: "Notice: This is only an information tool to locate campuses serving addresses within HISD; boundaries are subject to change. Enrollment eligibility must be confirmed with a campus registrar." There are two search boxes: "Search by school name" and "Find your neighborhood school". The "Find your neighborhood school" box contains the example address "e.g.: 4400 W 18th Street, Houston, TX" and a "Search" button. A "Map of all schools" link is also present. A callout box with a blue arrow pointing to the "Find your neighborhood school" search box contains the text: "When your address is entered it will list the schools your student is zoned to attend. If the display is blank, the address is outside of HISD's attendance boundary." A "Clear Selections" button is located to the right of the search boxes.
