OVERVIEW

The study of geometry emphasizes

- Points, lines, & planes
- Reasoning & Proof
- Parallel & Perpendicular Lines
- Congruent Triangles
- Relationships within Triangles
- Polygons & Quadrilaterals
- Coordinate geometry
- Transformational geometry
- Similarity
- Right Triangles & Trigonometry
- Circles
- Area
- Surface Area & volume
- Probability

GOAL

- critical reading
- Analytical thinking
- creative synthesis & problem solving
- Attention to detail

grading PROCEDURES

- Student work should demonstrate understanding of the problem assigned.
- No work, NO credit!
- *Homework: Homework assignments are graded by completion. one day late will result in a 75. Two days late will result in a 50. Homework will not be accepted after two late days.
- *Quizzes: Missed quizzes will not be made up. The test following a quiz will replace the missing quiz on. If a student fails a quiz and the test grade over the same material is higher than the quiz grade, then it will be replaced by the test grade up to **70**.
- *Retest: If a student makes a 70 or below on a test, there will be one opportunity to retest. This retest grade will replace the failing test grade with a grade up to a 70. Students must do corrections, and attend one tutorial.
- *Academic Dishonesty: Students will receive zero for the assignment and a disciplinary referral; if found cheating in any form.
