

## GET TESTED FOR COVID-19

Covid-19 testing is essential in helping slow the spread of the virus. Testing programs can identify individuals who have the virus and enable them to get treatment and/or isolate.

### WHEN SHOULD YOUR STUDENT GET TESTED FOR COVID-19

When your student has symptoms of Covid-19, regardless of vaccination status or prior infection

When your student is a close contact of someone confirmed to be Covid-19 positive

If your student is fully vaccinated, they should still be tested 3-5 days following a known exposure to someone with suspected or confirmed Covid-19

If your student is unvaccinated and taking part in activities that put them at higher risk for Covid-19 because they cannot physically distance as needed to avoid exposure, such as traveling, attending large social or mass gatherings, or being in crowded or poorly-ventilated indoor settings

### HOW TO GET TESTED FOR COVID-19

Getting tested at one of the sites listed here is **FREE**, and does not require proof of residency, citizenship, or insurance.
