Get set up

Add your email and mailing address, determine your fee waiver eligibility, and complete the Schoolinks FERPA waiver in order to start tracking your college applications.

Add your applications

Add applications from your Final List and fill out the details. If it’s a Common App application, you’ll need to add it to “My Colleges” in Common App, then refresh the page back on Schoolinks.

Complete your applications

As you complete your applications, be sure to check off the items on your student checklist. You can also check all items at once by clicking “Mark as Complete.”

Add your results

When you hear back from colleges, add your results in SchoolLinks to request any final transcripts and requirements.

Connect to Common App

If your school uses Common App, follow the link to log in or create an account. Make sure you consent to share information with SchoolLinks and add your high school. Complete the Common App FERPA in the colleges tab once you’ve added a college.

Request recommendations

Once you’ve added an application, SchoolLinks will let you know how many teacher recommendations are required. Select your teacher from a list, or add them manually.

Track application materials

Check back in SchoolLinks to see the status of all your application materials. With electronic applications, you can even see when the college has viewed your documents!

Make your enrollment decision

Once you’ve made the big decision, add your decision in SchoolLinks to let your counselor know and to request your final transcript.
