

Searching for books as a student

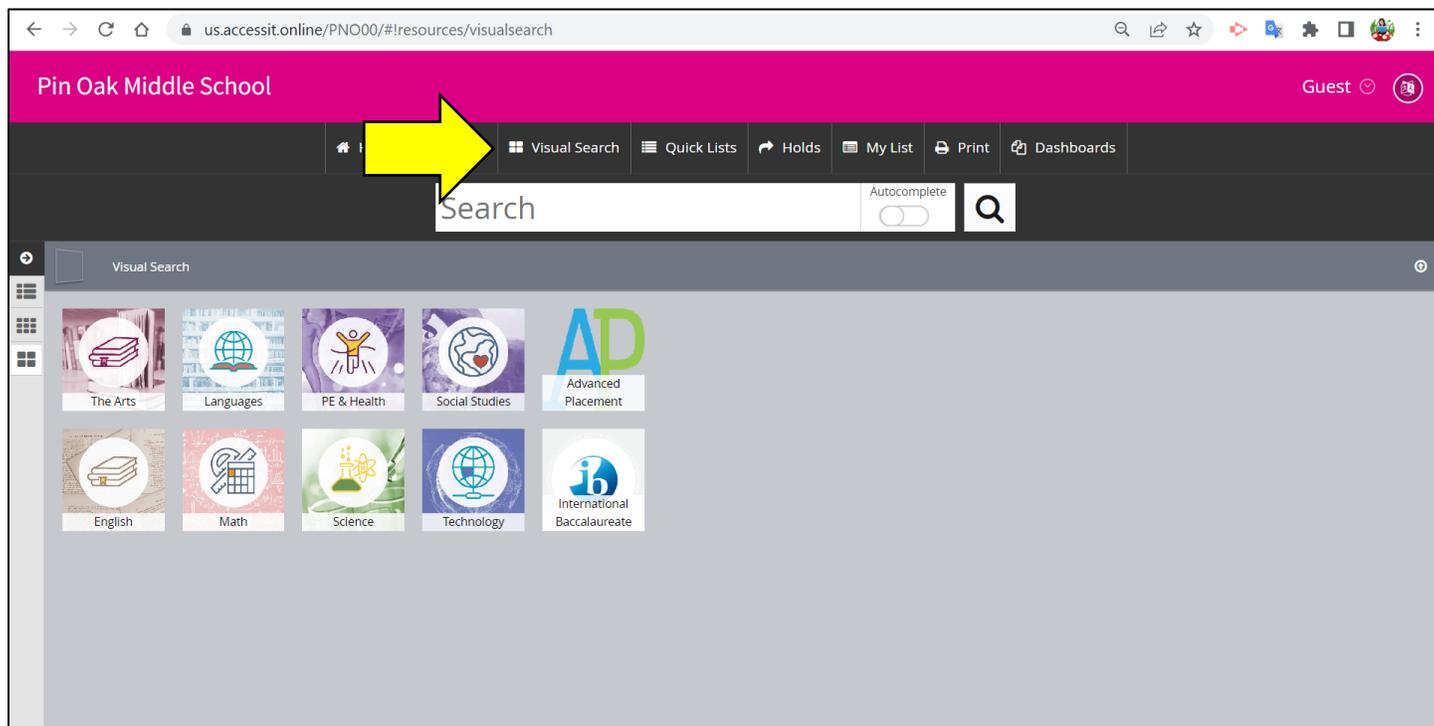

After accessing the Accessit app through Clever, you can start at the basic Search Bar

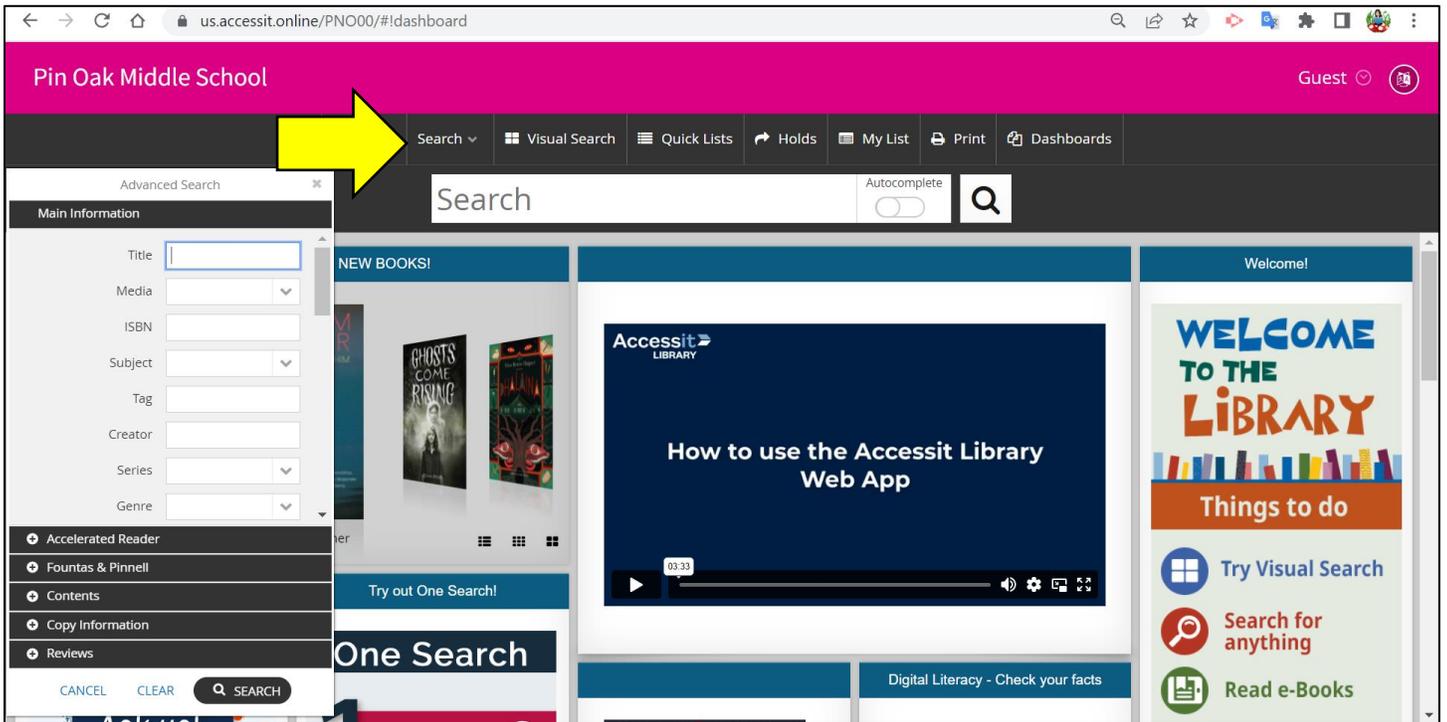

As you type in your search term, fields such as Title or Author will appear below. After you enter your search term, select whatever field you are looking within (i.e. *Rick Riordan* – Author, *Spy School* – Title, *Detectives* – Subject)

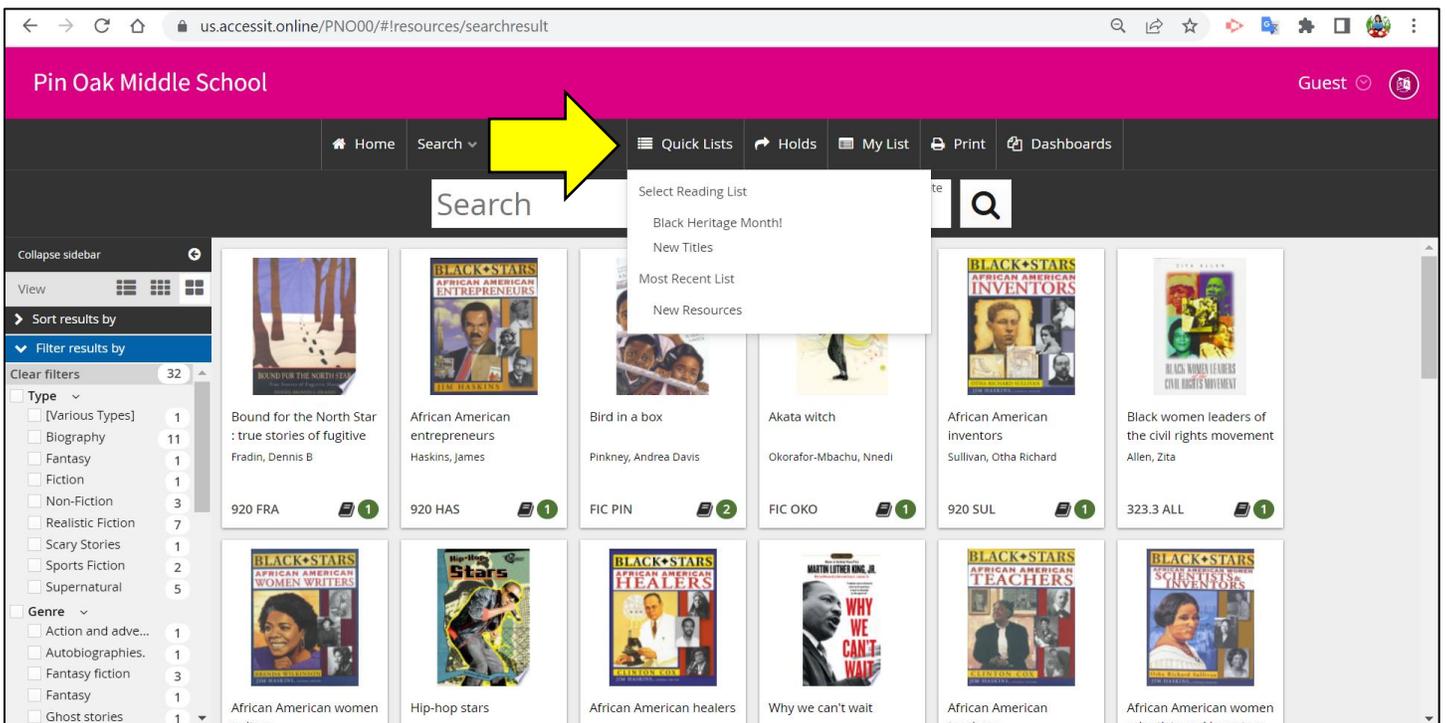

If you would like to start off by seeing covers of possible books you are searching for, select Visual Search at the top of the page

If you would like to do a more specific search, select Search > Advanced Search at the top of the page

The Quick Lists tab allows users to access specialized book lists curated by the school librarian such as theme months or new releases

When you see a potential title, you can add it to My List or place a hold if it is currently checked out by another user

The screenshot shows a web browser window with the URL `us.accessit.online/PNO00/#!resources/searchresult`. The page header identifies the user as 'Pin Oak Middle School' and the user as 'Guest'. A search results sidebar on the left includes filters for Media (Book, eBook), Type (Fiction, Scary Stories), Genre (Fantasy, Paranormal fiction), and Subject (African America, Brothers and sisters). A modal window for the book 'Amari and the night brothers' by Alston, B. B. is open, displaying the book cover and the following details:
