

# REPORT FROM THE SUPERINTENDENT

Office of Superintendent of Schools  
Board of Education Meeting of September 10, 2015

**SUBJECT: BOARD MONITORING UPDATE: MULTIPLE METRICS**

The Houston Independent School District (HISD) exists to strengthen the social and economic foundation of Houston by assuring its youth the highest-quality elementary and secondary education available anywhere. In fulfilling this goal, the HISD Board of Education has designed the framework for the systematic monitoring of the district's goals.

Following are the specific, actionable measures provided to the Board of Education on an annually recurring basis for ongoing monitoring and trend reporting in the areas of rigorous education in reading and math, consistency, and safety with the intent to provide a holistic view of the district. As data is received into the district, data attributes are populated.

Attached to this update are three Executive Summaries containing supporting evidence of district progress for the 2014–2015 school year, specifically for:

- Percentage of students at or above the 50<sup>th</sup> percentile on Norm Referenced Tests in reading and math,
- Survey responses, and
- Safety and Environment – Levels of Disciplinary Offenses.

## Board Monitoring System: Norm Reference Test Performance

### EXECUTIVE SUMMARY

#### Purpose

The Houston Independent School District (HISD) exists to strengthen the social and economic foundation of Houston by assuring its youth the highest-quality elementary and secondary education available anywhere. In fulfilling this goal, HISD's Board of Education has designed a program to systematically monitor the district's goals and core values. In past years, HISD administered the Stanford 10 and Aprenda 3 norm referenced tests (NRT) to make comparisons against a national representative group of students. However, HISD transitioned to the Iowa and Logramos NRT for the first time in spring 2015.

HISD's stated purpose of using a NRT is *"to provide valid and reliable measures of student achievement that align to a nationally normed curriculum"* (NRT Program FAQs). A NRT is different from the Criterion Referenced Test (CRT) that measures specific skills which make up a designated curriculum. For example the State of Texas Assessments of Academic Readiness (STAAR), which is a CRT, is designed to measure mastery of the Texas Essential Knowledge and Skills (TEKS), whereas a NRT measures broad skill areas sampled from a variety of textbooks, syllabi, and state standards.

The following results inform the progress of the district as it relates to rigorous education, specifically the percentage of students at or above the 50<sup>th</sup> percentile in reading, reported in Iowa/Logramos combined as ELA Total, and math, reported in Iowa/Logramos combined as Math Total, for grades 1–5\* and 6–8.

**Reading – Iowa / Logramos ELA Total**

- 54.9% and 37.7% of all students scored at or above the 50<sup>th</sup> National Percentile Rank (NPR) (Iowa and Logramos ELA Total combined) in grades 1–5 and grades 6–8 respectively.

**Math – Iowa / Logramos Math Total**

- 63.3% and 45.0% of all students scored at or above the 50<sup>th</sup> NPR (Iowa and Logramos Math Total combined) in grades 1–5 and grades 6–8 respectively.

**Table 1** below provides the percentage of all students (Iowa and Logramos combined) at or above the 50<sup>th</sup> NPR for each subject and each grade in the district, and shows the higher percentage score (in green) and the lowest (in red) by subject and grade.

- The highest percentage of students at or above the 50<sup>th</sup> NPR for all subjects are in grades 1 or 2, except for math which had the highest percentage scale in grades 2 and 3.
- The lowest percentage of students at or above the 50<sup>th</sup> NPR for reading (ELA Total) and social studies was in grade 6. Grade 8 had the lowest math percentage and grade 7 had the lowest science percentage.

**Table 2** below provides the percentage of students at or above the 50<sup>th</sup> NPR by subject and student group for the Iowa and Logramos combined.

Student group identification from PEIMS

- Asian and White student groups had similar performance levels in all content areas.
- The performance gaps between White and Hispanic student groups ranged from 22 percentage points in math total to 31 percentage points in reading (ELA total) and social studies.
- The performance gaps between White and African American students ranged from 41 percentage points in math total to 47 percentage points in social studies.

## **Administrative Response**

### **Elementary Curriculum and Development**

Elementary Curriculum and Development will implement the following actions to support campuses and increase student achievement:

1. Elementary Curriculum and Development will continue to provide principal and teacher training to support Literacy By 3 with an emphasis on comprehension of complex text to think deeply and critically.
2. Provide teacher training to implement the Writer's Workshop framework across the district.
3. The department will continue to build on the success of Literacy By 3 in grades K–3. As an expansion, the district will provide prekindergarten, grades 4 and 5 classroom libraries, and K–2 Spanish-language materials along with teacher training.
4. Partner with the Multilingual department to create systems, practices, and supports for students transitioning from Spanish to English.
5. Partner with Elementary School Offices to create networks for principals and teachers to share best practices, look at student work, analyze formative assessment data, plan lessons grounded in the district curriculum, and collaborate with teachers on demonstration campuses. Teacher Development Specialists and School Support Officers will leverage school leaders and teacher leaders on demonstration campuses in the following ways:

- Instructional coaching
- Peer observation
- Formative assessment collaboration
- Data-driven instruction
- Collaborative lesson planning

## **Secondary Curriculum and Development**

Secondary Curriculum and Development will implement the following actions to support campuses and increase student achievement:

1. Secondary Curriculum and Development will continue to provide principal, teacher and student support to assure the highest-quality education available for each of our children.
2. We will assure that teachers of all disciplines are provided with the needed pedagogy so that students will engage with and comprehend complex text.
3. The department will leverage gains of campuses to inform the practices of campuses in need of support.
4. Teacher training will be provided to assure that authentic reading, both digital and print, is personalized for each student and provides a variety of reading, writing, and discussion experiences that are modeled, supported, and monitored.
5. We will provide support and training to assure that students receive explicit instruction that includes modeling and demonstrating to support students' ability to comprehend and demonstrate their understanding of grade-level text in ELA, science, social studies and mathematics.
6. The department will build on the success of Literacy By 3 in grades K–3. As an expansion, the district will provide an addendum to the plan for secondary schools as well as expand materials and training to assure continuity.
7. Secondary Curriculum and Development will partner with the Multilingual department to create training and support for students entering the educational system in the United States at multiple points and with various educational experiences.
8. Secondary Curriculum and Development will partner with secondary school offices to create networks for principals and teachers to share best practices, look at student work, analyze formative assessment data, plan lessons grounded in the district curriculum, and collaborate with teachers on campuses. Instructional Coaches and School Support Officers will leverage school leaders and teacher leaders on campuses in the following ways:
  - Instructional coaching
  - Peer observation and action planning
  - Formative assessment collaboration
  - Data-driven instruction
  - Collaborative lesson planning

## Board Monitoring System: Survey Responses

### EXECUTIVE SUMMARY

#### Purpose

The Houston Independent School District (HISD) exists to strengthen the social and economic foundation of Houston by assuring its youth the highest quality elementary and secondary education available anywhere. In fulfilling this goal, HISD's Board of Education has designed a program to systematically monitor the district's goals and core values.

The district's annual Your Voice survey measures perceptions of safety, rigor, consistency, and environment among HISD students, parents, teachers, principals, and community members. Implemented in the 2012–2013 school year, the survey was administered in its third year across all schools in HISD in 2014–2015.

Results of this districtwide survey are used in multiple ways, including in campus School Improvement Plans (SIP) and to satisfy Title I requirements. The full report, as well as the breakdown by schools, can be found at <http://hisdyourvoice.rdagroup.com/site/default.aspx>.

### Administrative Response

While pleased with the small but positive growth in participation levels in the survey, we understand that we must continue to increase participation levels in order to make the survey more reflective of our population. As such, we continue to look at tactics and strategies to improve participation rates across the district and at all campuses.

With regard to the survey results, we are encouraged by the consistently positive perceptions being expressed by our stakeholders.

### **Next Steps**

Access to the Your Voice survey results, as well as help for campus staff to understand and interpret those results, has been provided to schools. Over the next few weeks, the schools offices and the Office of Communications will work with schools to interpret these results and distribute to external stakeholders.

## Board Monitoring System: Discipline

### EXECUTIVE SUMMARY

#### Purpose

The Houston Independent School District (HISD) exists to strengthen the social and economic foundation of Houston by assuring its youth the highest-quality elementary and secondary education available anywhere. In fulfilling this goal, HISD's Board of Education has designed a program to systematically monitor the district's goals and core values. The following results inform the progress of the district as it relates to safety and environment, specifically the number of Level III, Level IV, Level V, and bullying incidents as defined below.

Board Monitoring Scorecard				
Safety and Environment	Levels of Offenses	2012–2013	2013–2014	2014–2015
	Level III Offenses - Suspension and/or Optional Removal to a Disciplinary Alternative Education Program	5,917	5,800	5,716
	Level IV Offenses - Required Placement in a Disciplinary Alternative Education Program	1,109	1,160	1,291
	Level V Offenses - Expulsion for Serious Offenses	53	42	57
	Bullying Incidents	139	168	115

Examples of Level III, Level IV, and Level V incidents as defined locally and published in the Code of Student Conduct are listed below.

- Level III: Repeated disciplinary infractions of Level I and/or Level II offenses, fighting, gambling, chronic cutting class and/or skipping school, possession of a knife, display of disrespect toward school personnel or campus visitors, or cyber bullying.
- Level IV: Felony conduct, assault, use or selling of drugs and/or alcohol, making a “hit list,” or creating a false alarm, report, or terroristic threat.
- Level V: Felony drug charge, aggravated assault, sexual assault, murder, or a discretionary expulsion based upon a student's disciplinary history and the commission of a Level IV offense.

#### Findings

- From 2013–2014 to 2014–2015, the number of Level III offenses and bullying incidents decreased while the number of Level IV and Level V offenses increased.
- Overall during the 2014–2015 school year, middle schools had the highest number of Level III offenses, combined schools had the highest number of bullying incidents, and high schools had the highest number of Level IV and Level V offenses (Table 1).

- There were six schools that recorded greater than 200 total offenses during the 2014–2015 academic year: Forest Brook Middle School had 386 incidents; Sam Houston Math, Science, & Technology Center had 283 incidents; Richard Dowling Middle School had 247 incidents; Ross Sterling High School had 226 incidents; César Chávez High School had 212 incidents; and Westbury High School had 207 incidents (Appendix I).
- Out of 164 elementary schools in HISD only two recorded a number of total offenses exceeding 50 in 2014–2015; those schools were Hilliard Elementary School, which had 142 incidents, and Mabel Wesley Elementary School, which had 52 incidents (Appendix I).
- The two elementary schools with the highest number of total offenses in 2014–2015 were Hilliard (142 incidents) and Mabel Wesley (52 incidents; Appendix I).
- There was a total of seven schools that saw the total number of offenses increase by greater than 75 incidents from the 2013–2014 academic year to 2014–2015 academic year: Lee High School (from 36 to 168 incidents); Sugar Grove Middle School (from 18 to 111 incidents); Richard Fonville Middle School (from 87 to 174 incidents); Westbury High School (from 127 to 207 incidents); César Chávez High School (from 132 to 212 incidents); Hilliard Elementary School (from 64 to 142 incidents); and Ross Sterling High School (from 148 to 226 incidents; Appendix I).
- The six schools with the largest decreases in total offenses from 2013–2014 to 2014–2015 were: Elmore Elementary School (from 100 to 0 incidents); Patrick Henry Middle School (from 216 to 134 incidents); Marcellus Foster Elementary School (from 74 to 4 incidents); Jackson Middle School (from 193 to 125 incidents); Paul Revere Middle School (from 158 to 91 incidents); and Daniel Ortíz Jr. Middle School (from 180 to 116 incidents; Appendix I).
- The five schools with the largest increase in total offenses as a percentage of cumulative enrollment from 2013–2014 to 2014–2015 were: High School Ahead Academy (from 20.1 to 33.3 percent); Crispus Attucks Middle School (from 8.3 to 20.2 percent); Mickey Leland College Preparatory Academy for Young Men (from 2.7 to 12.9 percent); Hilliard Elementary School (from 6.0 to 16.2 percent); and Sugar Grove Middle School (from 2.0 to 11.5 percent).
- The five schools with the largest decrease in total offenses as a percentage of cumulative enrollment from 2013–2014 to 2014–2015 were: Energized for STEM Middle School Southwest (from 20.3 to 0.9 percent); Marcellus Foster Elementary School (from 14.1 to 0.8 percent); Nathaniel Q. Henderson Elementary School (from 13.2 to 0.0 percent); Elmore Elementary School (from 10.5 to 0.0 percent); and Baylor College of Medicine Academy at Ryan (from 10.0 to 0.0 percent).
- From 2013–2014 to 2014–2015, the number of students committing at least one **Level III** offense **decreased** most at Elmore Elementary School (from 84 to 0 students); Patrick Henry Middle School (from 146 to 95 students); and Marcellus Foster Elementary School (from 54 to 4 students) **AND increased** most at Lee High School (from 9 to 90 students) and Hilliard Elementary School (from 49 to 111 students).
- From 2013–2014 to 2014–2015, the number of students committing at least one **Level IV** offense **decreased** most at Louie Welch Middle School (from 30 to 0 students); Patrick Henry Middle School (from 48 to 21 students); and Stephen F. Austin High School (from 39 to 17 students) **AND increased** most at Mirabeau B. Lamar High School (from 7 to 63 students) and Ross Sterling High School (from 22 to 48 students).

- From 2013–2014 to 2014–2015, the number of students committing at least one **Level V** offense **decreased** most at Sam Houston Math, Science, and Technology Center (from 6 to 3 students) **AND increased** most at Lee High School (from 0 to 5 students); Jack Yates High School (from 1 to 6 students);, Evan Worthing High School (from 0 to 4 students); and Westbury High School (from 1 to 5 students).
- From 2013–2014 to 2014–2015, the number of students committing at least one **Bullying** offense **decreased** most at Paul Revere Middle School (from 11 students to 1 student); Eleanor Tinsley Elementary School (from 9 students to 1 student); and Forest Brook Middle School (from 7 to 0 students) **AND increased** most at High School Ahead Academy (from 2 to 4 students) and John J. Pershing Middle School (from 0 to 2 students).

## Administrative Response

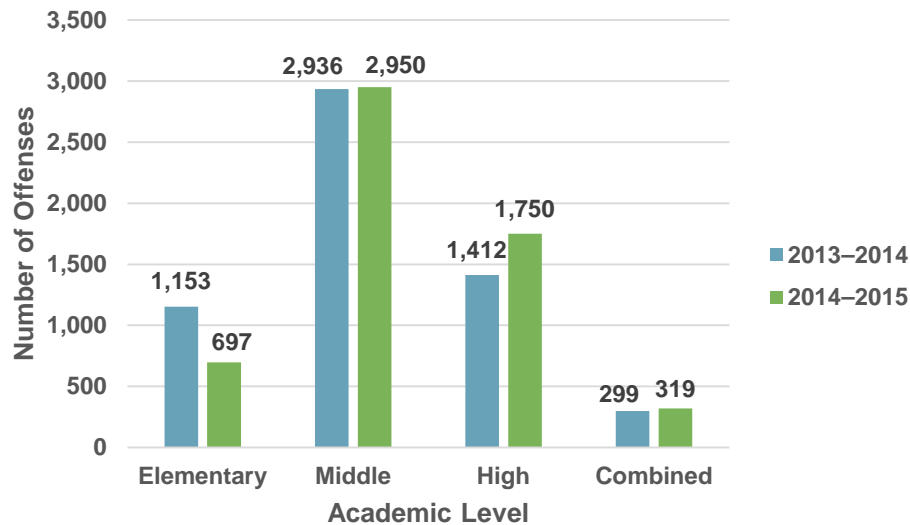

In compliance with the Texas Education Code, Sec. 37.0181, *PROFESSIONAL DEVELOPMENT REGARDING DISCIPLINARY PROCEDURES*, the Student Discipline Department in the Division of Student Support Services has scheduled and held training for all administrators who oversee student discipline and have the authority to make decisions that may result in suspension, assignment to a Discipline Alternative Education Program (DAEP), or expulsion to the Juvenile Justice Alternative Education Program (JJAEP).

The training includes a discussion of the HISD *Code of Student Conduct*, discretionary authority of a teacher to remove a disruptive student under Section 37.002(b), the DAEP on-line referral process, discipline-related compliance coding for posting in the HISD Student Information System, Chancery, and how to prepare for a student discipline-related audit.

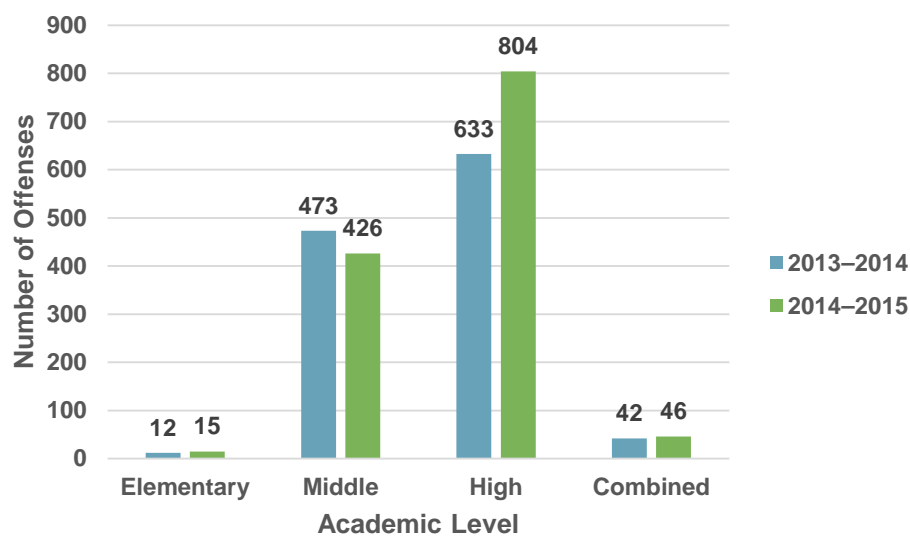

Furthermore, the district has partnered with Safe and Civil Schools to provide classroom-management professional-development support to teachers. In doing so, the department is supporting teachers in addressing minor misbehaviors and disruptions in the classroom (tier 1 interventions of the behavioral side of the Multi-Tiered Systems of Support framework). Utilizing a positive, proactive and pre-corrective approach, students understand what behavior is expected of them. This has resulted in students remaining in the classroom engaged in learning and has diminished the chances of minor misbehavior escalating. Last school year, we trained approximately 1500 teachers, administrators and their support staff. Positive results from this training should be reflected in the 2015–2016 school year's discipline data as a reduction in discipline incidents. The need for this support is growing, as more schools have expressed an interest in attending such sessions for the 2015–16 school year. The District plans to continue its offering of Classroom Management trainings. Additionally, leadership teams have inquired how to support teachers with classroom-management training through schoolwide systems, so the

department is working on professional development to support leadership teams in building schoolwide systems that address student discipline challenges, which ultimately keep students in classrooms rather than removing them from learning environments.
