I. INSTRUCTIONS, SUBMISSION REQUIREMENTS AND PROCEDURES

1.1 GENERAL INFORMATION: The following instructions by the District are intended to afford Proposer(s) an equal opportunity to participate in the proposal process and provide a predetermined set of criteria representing the District's business and service requirements. This proposal is governed by Texas Education Code (TEC), other applicable Texas state statutes, and all local Board of Education (Board) policies.

1.1.1 CODE OF SILENCE AND CONFLICTS OF INTEREST: The Board of Education (Board) has adopted a "Code of Silence" policy (ref. [Board Policy CAA \(Local\)](#)) and a "Conflict of Interest Disclosures" policy (ref. [Board Policy BBFA \(Local\)](#)) to enforce its commitment to ethical contracting standards and improve accountability and public confidence. It is important to avoid both the appearance of conflicts and actual conflicts of interest.

1.1.2 The "Code of Silence" shall mean a prohibition on any communication regarding any RFP, bid, or other competitive solicitation between:

1. Any person who seeks an award from the District or its affiliated entities (including, but not limited to, the HISD Foundation and the HISD Public Facility Corporation), including a potential vendor or vendor's representative, and
2. Board members, the Superintendent of Schools, senior staff members, principals, department heads, directors, managers, or other District representatives who have influence in the evaluation or selection process.

The "Code of Silence" time period shall begin when the Request for Proposal (RFP) is issued and ends upon the execution of the contract. During the "Code of Silence", campaign contributions, gifts, donations, loans, and any other items of value are prohibited between these parties, including candidates who have filed for election to the Board.

The "Conflicts of Interest Disclosures" requires a Board member to disclose and recuse himself or herself from voting on any contract, agreement, or any other District transaction involving an entity or related officer and/or key employee who has provided campaign contributions during the preceding 12 month period in excess of \$500.

Board Policy CCA (Local) pertaining to the "Code of Silence" and Board Policy BBFA (Local) pertaining to "Conflicts of Interest Disclosures" are attached by URL link above and incorporated by reference. Please review the policies carefully and ensure that the policies are followed in all respects. Proposer(s) agree and understand that non-compliance with the "Code of Silence" policy may result in disqualification. Furthermore, the failure of a Board member to disclose a conflict of interest may result in the debarment of a vendor for 24 months.

1.1.3 By submitting a proposal, the Proposer agrees to provide the goods/services in full accordance with the specifications and other contract documents notwithstanding existing material and labor markets conditions.

1.1.4 The designated project manager during the proposal process shall be **Ken Phillips**, Procurement Services, 4400 West 18th Street, Houston, Texas 77092, phone 713.556.6545, or, kphillip@houstonisd.org

1.1.5 Questions concerning the RFP will be answered only if sent to the Procurement Services Department, in writing via email to kphillip@houstonisd.org, on or before **March 6, 2013 @ 3:00P.M.** Central Time. The District reserves the right to respond to any question as determined by the District.

The Board of Education has approved a resolution establishing policy requiring Supplier(s) to have paid all assessed taxes and be free of any indebtedness to the District before a project is awarded.

RFP# 13-02-12 Project Name: RFP/End User Devices

Proposer(s) shall provide the District with a statement concerning any indebtedness, including personal and real property taxes, when submitting responses.

1.1.6 In an effort to encourage minority and women owned businesses to participate in HISD business and submit proposals based upon their capacity to perform and be successful, this project may be awarded to more than one Proposer if it is in the best interest of the District to do so. Interested Proposer(s) should obtain additional information concerning the District's location of schools and offices and consider submitting their proposal for any one or more schools and/or departments, or the entire District.

1.1.7 All costs related to the preparation and submission of this proposal shall be paid by the Proposer. Issuance of this RFP does not commit HISD, in any way, to pay any costs in the preparation and submission of the proposal. Nor does the issuance of the RFP obligate HISD to award, enter into an agreement, or purchase any goods and services stated in the RFP.

1.2 DEFINITIONS AND TERMS: In this RFP, terms are used as follows:

1.5 SUBMISSION OF PROPOSALS: The Proposer(s) should propose his/her lowest and best price, (as applicable), on each good/service which is the subject of this RFP. Proposals shall be submitted in strict compliance with the instructions set out in this RFP.

1.5.1 All prices shall be entered on the proposal in ink or typewritten. All required signatures shall be original and in ink.

1.5.2 Proposed prices should be firm (fixed). If the Proposer(s), however, believes it necessary to include in his/her price an economic price adjustment, such a proposal may be considered, but only as an alternate proposal and should be noted in the Exception Form (FORM E). The economic price adjustment should give the maximum price increase or decrease (either % or \$) and the date and/or event at which the increase would be effective. Additionally, if a Proposer has reason to believe a better (more cost effective) method is practical, then the Proposer may offer that better pricing option as an alternative.

1.5.3 All costs associated with the project must be enumerated in the proposal. Any costs associated with the project not explicitly enumerated and discussed in the proposal will not be honored. Proposer(s) shall provide information on their standard fee arrangement for any goods and/or services proposed, and any discounts offered. Proposer(s) must include in the cost proposal all travel and accommodation expenses associated with travel to perform this project. Travel expenses associated with the project must conform to a "reasonableness" test for travel expenditures associated with governmental travel and must be pre-approved by the District before being incurred.

1.5.4 The District's standard freight terms are F.O.B., destination, prepaid and allowed. HISD may specify various and different locations within the District for "destination" during the term of the Agreement, or extension of the term, and prices should include allowances for such freight contingencies. No C.O.D. shipments will be accepted. If the goods are not shipped in accordance with HISD's directions and the instructions set out in the Agreement, the Supplier shall pay to HISD any excess cost incurred by District.

1.5.5 Proposer(s) are required to provide HISD with a menu of any optional services offered. Each service must be priced separately and independent of any other services offered or rendered.

1.5.6 HISD is exempt from and will not be responsible for payment of any taxes.

1.5.7 Failure to manually sign the required forms of this proposal may result in rejection of the proposal.

1.5.8 A signed submitted proposal constitutes an offer to perform the work and/or deliver the product(s) specified in this RFP.

1.6 FINANCIAL INFORMATION: Proposer(s) may be required to submit a current audited financial statement. The Project Manager will determine the necessity of financial information. In the event the Proposer(s) does not have an audited statement, other information such as an unaudited statement or copies of the Proposer(s)' federal income tax returns, with all amendments, may be required.

1.7 DISCUSSIONS/NEGOTIATIONS: Discussions/negotiations may be conducted with Proposer(s) who are deemed to be within the final competitive range; however, HISD reserves the right to award a contract without discussions/negotiations. The competitive range will be determined by HISD and will include only those initial proposals that HISD determines have a reasonable chance of being awarded a contract. If discussions/negotiations are conducted, Proposer(s) may be required to submit a best and final offer. The best and final offer may be required as early as 24 hours after completion of negotiations/discussions.

1.8 BEST AND FINAL OFFERS: Best and final offers must be received by the date/time provided during discussions/negotiations, or the originally submitted proposal will be used for further evaluation and award

RFP# 13-02-12 Project Name: RFP/End User Devices

recommendation.

1.9 MODIFICATION OR WITHDRAWAL OF PROPOSALS: Proposals may be modified or withdrawn by written or electronic notice received by the Project Manager prior to the exact hour and date specified for receipt of proposals. A proposal may also be withdrawn in person by a Proposer's authorized representative prior to the Proposal Due Date and time, provided the Proposer's identity is confirmed and Proposer's representative signs a receipt for the proposal.

1.10 OPENING PROPOSALS: All proposals may be opened as soon as received. A formal public "opening" will not be held. Trade secrets and confidential information contained in proposals shall not generally be open for public inspection, but HISD's records are subject to the State of Texas Public Information Act requirements.

1.11 SCHEDULE: The following schedule and timelines apply to this RFP.

Additionally, the District reserves the right to waive any requirements of the RFP. The District further reserves the right to reject all proposals and seek new proposals when such action would be deemed in the best interests of the District.

1.14 APPEAL PROCESS: Any Proposer(s) that submitted a proposal may appeal the District's award, if the appeal is based on deviations from laws, rules, regulations, or Board of Education policies. II. GENERAL TERMS AND CONDITIONS

The following terms and conditions are incorporated into this RFP and incorporated into any letter agreement or formal written agreement between HISD and the successful Proposer(s).

2.1 AGREEMENT, INTEGRATION, TERM & TRANSITION, PURCHASE ORDER REQUIREMENTS:

2.1.1 The terms, conditions, specifications, stipulations and requirements stated in this RFP, and any and all Addenda issued by HISD shall become part of the Agreement entered into between the District and the Supplier, unless otherwise determined by the District per the Agreement provisions. The Supplier, as determined by the District, may be required to execute a written contract to furnish all goods and/or services and other deliverables required for successful completion of the proposed project. **No Supplier shall obtain any interest or rights in any award until the District has executed the Agreement.** The District reserves the right to require any modification, or modifications to the Agreement terms if the modifications are deemed to be in the best interest of the District and do not substantially change the scope of the Board award.

2.1.2 The District does not sign Supplier contract forms. Supplier(s) should be familiar with the District's Agreement form, Agreement letter and/or purchase order and indicate in its proposal that this type of project documentation is acceptable. This information should be included in the transmittal letter. In the event that a project is awarded to a Supplier and the Supplier requests changes to the District standard Agreement form, the District reserves the right to cancel the award and re-award the project to an alternate Supplier(s).

2.1.3 In the event of a license agreement or other contract document requested by the Supplier for execution, the District reserves the right to review and amend such document at the District's discretion.

2.1.4 The Request for Proposals, with all Addenda, those provisions in the proposal that are satisfactory to the District, and the District's Agreement form(s), which may include, but are not limited to a written contract, agreement letter or purchase order constitute the Agreement between the Supplier and the District (collectively, the "Agreement"). NOTWITHSTANDING ANYTHING TO THE CONTRARY IN ANY SUPPLIER FORM, PROPOSAL OR DOCUMENTATION, THE TERMS AND CONDITIONS OF THE AGREEMENT AS INTEGRATED ABOVE SHALL BE CONTROLLING IN ALL INSTANCES. To the extent there is any conflict between or among the documents composing the Agreement, the following hierarchy (from most to least authoritative) shall prevail: (i) District's Agreement forms (written contract, agreement letter or purchase order as applicable), and (ii) RFP as provided by the District all Addenda, and (iii) any Proposal provisions agreed to by the District.

RFP# 13-02-12 Project Name: RFP/End User Devices

2.1.5 Unless otherwise provided or required by the District, a standard agreement which results from this RFP shall be for a period of one year from the effective date of the Agreement with an exclusive option by the District to renew on an annual basis thereafter for two additional one-year terms, or as otherwise stated in the Agreement. Alternately, the District may approve longer or shorter terms of agreement upon the mutual consent of the parties. At the District's option, there may be an additional 90-day transitional period added to the end of the initial term or any renewal term. The Agreement prices, terms and conditions are to remain in force during the transitional period. Should the Agreement with the Supplier terminate during the initial or any renewal term for any reason, the District reserves the right to have the same transitional period, prices, terms and conditions as if the Agreement terminated at the expiration of that term.

2.1.6 At the discretion of the District, purchases may require the issuance of an official HISD purchase order from the District's Procurement Services Department. If so required, then all goods provided without a purchase order will be returned at Supplier's expense. All services provided without a purchase order may be considered a contribution to the District.

2.1.6.1 HISD reserves the right to make changes to a purchase order (e.g., increase/decrease quantities, change delivery date, delivery address). Any changes to a purchase order shall be communicated to the awarded supplier by the issuance of a formal change purchase order. Only an HISD procurement staff member may make a change to the purchase order by issuing and sending a formal change purchase order to the awarded supplier.

2.1.7 Once the performance of the Agreement has begun, any change orders or requests will be made in accordance with Texas Education Code Section 44.0411 and applicable HISD procedures and policies. If Supplier acts on the direction of a District employee that is not authorized to make changes, Supplier does so at his or her own risk or peril and risks termination of the Agreement for cause. Also, if a Supplier attempts, or receives, a modification/amendment from a District employee that is not authorized to make changes, the Supplier does this at his or her own risk or peril and risks termination of the Agreement for cause.

2.2 NON-ASSIGNMENT: The Supplier may not assign, sell, or otherwise transfer its interest in the Agreement award or any part thereof, without prior written consent from the District. The Supplier shall have full responsibility for the completion and performance of all services and the delivery of all goods awarded to Supplier pursuant to this RFP.

2.3 USE OF DISTRICT NAME OR LOGO(S): Supplier may not use the District's official name or logo, or any phrase associated with the District, without the written permission from the Board of Education, the Superintendent of Schools, or their designee.

2.4 AUTHORIZATION/PERMITS: The Supplier must have current licenses, permits, fees and similar authorizations required by the City of Houston, Harris County, and the State of Texas to conduct business and provide awarded goods and/or services to the District and, upon the request of the District, must provide copies of all licenses, permits and fees as being paid and current that are required to do business by the city, county and State for the type of business they are seeking to provide to the District. Supplier will maintain all such licenses, permits, fees and similar authorizations current for the duration of the Agreement term.

2.5 SUPPLIER NATIONWIDE CRIMINAL BACKGROUND CHECKS: The Supplier shall require all employees and volunteers of Supplier and its subcontractors who perform work on HISD sites and **who have contact or potential contact with students** to have passed a criminal history background check current within the last year. Additionally, the Supplier shall comply with all other related requirements of State of Texas and federal laws and applicable regulations as such laws and regulations may exist through the term of the Agreement. The Supplier shall certify to HISD that the aforementioned criminal history and background checks have been completed and are in compliance with published HISD policies. The Supplier shall furnish the results of such background checks to HISD upon request. In the event that additional security information (e.g., fingerprinting, etc) is required by law during the life of the Agreement, the Supplier will be required to meet these requirements.

RFP# 13-02-12 Project Name: RFP/End User Devices

2.6 SUPPLIER DOCUMENT AUDIT AND INSPECTION/RECORD RETENTION/STUDENT INFORMATION:

2.6.1 The District reserves the right to audit various Supplier documents as requested by the District. From time to time, the District may desire to audit certain Supplier documents to ensure compliance with the Agreement and/or proposal response. Some audits may include but are not limited to: checking Supplier's invoices, authenticating the origin, Material Safety Data Sheet (MSDS), shelf life of products and/or other similar types of documents. The Supplier agrees to furnish the District, in a reasonable time at a mutually agreeable place, documents requested by the District to perform any such reviews or audits.

2.6.2 HISD, or its authorized representative, shall be afforded unrestricted access to and permitted to inspect and copy all Supplier's records, which shall include but not be limited to accounting records (hard copy as well as computer readable data), correspondence, instructions, drawings, receipts, vouchers, memoranda and similar data relating to this project. Supplier shall preserve all such records for a period of five (5) fiscal years or for such longer period as may be required by law, after final payment relating to this project. If this project is funded from contract/grant funds provided by the U. S. Government or the State of Texas, all documentation, including books, and records shall be available for review and audit by the Comptroller General of the U. S. and/or the Inspector General of the federal sponsoring agency, or the State of Texas and its duly authorized representatives.

2.7 CONFIDENTIAL AND PROPRIETARY INFORMATION: The District and the Supplier may provide technical information, documentation and expertise to each other that is either (1) marked as being confidential or, (2) if delivered in oral form is summarized in writing within 10 working days and identified as being confidential ("Confidential Information"). The receiving party shall for a period of five (5) years from the date of disclosure (i) hold the disclosing party's Confidential Information in strict confidence, and (ii), except as previously authorized in writing by the disclosing party, not publish or disclose the disclosing party's Confidential Information to anyone other than the receiving party's employees on a need-to-know basis, and (iii) use the disclosing party's Confidential Information solely for performance of this project. III. SCOPE OF WORK AND SPECIFIC CONDITIONS

3.1 SCOPE OF WORK: At minimum, the District is seeking the following goods and/or services to be provided by the Supplier(s):

HISD is the 7th largest school district in the United States with 200,000+ students and 30,000 employees. This institution in the last three (3) years has had unprecedented success in raising student achievement. Currently the district manages approximately 70,000 computing devices. Our goal is to do a district-wide life cycle refresh and a one-to-one augmentation of student user devices.

The purpose of this RFP is to identify the partner who can provide the very best end-user computing devices for instruction and business operations. End-user computing devices are the portal students and teachers use to access powerful instructional applications, information and creative new learning environments. End-user computing devices are the platform for daily business operations. End-user computing devices include laptops and workstations and other devices that can be used to meet instructional and business operation requirements.

RFP# 13-02-12 Project Name: RFP/End User Devices

Powerful developments in instructional applications, alternative learning approaches, and teacher and student productivity are demanding increased end-user computing devices in the daily life of every teacher and student. The more a computing device is put in the hands of every teacher and every student, new avenues of engagement and learning can occur. This has been cost prohibitive in the past. However, the district hopes to negotiate cost-effective ways to purchase/lease end-user devices.

From a partner perspective, an interesting opportunity will be created:

What will happen if teachers and students become dependent upon computing devices for daily living and learning? What value transfer should be passed to HISD in the form of pricing for creating this opportunity?

HISD is seeking a proposal from partners that will provide end user computing devices at a price that schools can afford, will pave the way for life-long computing, and support ongoing business operations.

IV. PRICING SHEETS INCLUDING ELECTRONIC SUBMITTAL REQUIREMENTS.

4.1 PRICING SUBMITTAL TECHNICAL REQUIREMENTS:

The District uses SAP Supplier Relationship management (SRM) for schools and departments to procure goods. If applicable, attached to this section is an Excel spreadsheet (Price Schedule), also referred to as the "electronic catalog," that is required for SAP and this project. The following items should be observed:

- 4.1.1 A printed hard copy of the electronic catalog should be included with each proposal (see Form F):
 - a. If your proposal is based on line-item pricing, you are required to submit three printed copies of the electronic catalog, unless specified differently in the proposal.
 - b. If your proposal is based on catalog discount, you are required to submit one printed copy of the electronic catalog, unless specified differently in the proposal.
- 4.1.2 Proposer(s) must submit information for this section in both printed and electronic form; handwritten proposals will not be accepted. Proposers must include a USB flash drive, CD or DVD, properly labeled with company's name and project number, that contains the requested electronic catalog in item 4.1.1 (electronic media supplied will not be returned and becomes property of the District).
- 4.1.3 The electronic catalog submitted on USB flash drive, CD or DVD must be in Microsoft Excel (.xls or .xlsx) format.
- 4.1.4 The Excel spreadsheet shall contain a "List Price" column which must be completed.
- 4.1.5 Proposers are to prepare their offering with the most cost effective pack size in addition to the required unit of measure. This is to be included in the "Unit of Measure" column in the electronic catalog.
- 4.1.6 If Proposer is offering multiple options, please insert a separate line directly under the first one and add the same line item number.
- 4.1.7 The District's preference is to have the top number of items that are currently being utilized within the scope of the proposal. However, the electronic catalog should not exceed 2,000 rows. The spirit of this requirement is to have a manageable number of items that the District currently uses in the SAP system, yet makes up the majority of the District purchases.
