Consultation with Parents:

The Houston Independent School District is required to consult annually with parents in the design, planning, and implementation of its Federal Programs.

Each year the Houston Independent School District (HISD) submits a consolidated application for entitlement funds to the Texas Education Agency (TEA) under the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESSA) of 2015, which provides supplemental funding to state and local educational agencies to acquire additional education resources at schools serving high concentrations of students from low-income homes. These resources are used to improve the quality of education programs and ensure students from low-income families have opportunities to meet challenging state assessments.

The consolidated application includes the following programs:

- **Title I, Part A** – Improving Basic Programs
- **Title I, Part C** – Migrant Education Program
- **Title II, Part A** – Supporting Effective Instruction
- **Title III** - Language Instruction for English Language Learners and Immigrant Students (ELL)
- **Title IV, Part A** - Student Support and Academic Enrichment Grant Program (SSAE)

The Texas Education Agency has not released to school districts final program entitlements for the 2022 – 2023 school year; However, TEA has released tentative planning entitlements. HISD has already begun planning, prioritizing, and renewing the process for programs to be funded for 2022 - 2023. No major program changes are projected to be included in the applications.

All programs supported by these funding sources must adhere to the “supplement, not supplant” requirement to ensure that state and local support for programs remains at least constant and are not replaced by federal funds.

These efforts are aimed at helping migrant students succeed in school and successfully transition to postsecondary education or employment. A migrant student is one who traveled from one school district to another or across state during the past three years so that a parent/guardian, a member of the immediate family, or the student might engage/seek employment in temporary/seasonal agricultural or fishing-related activities.

Funding for the Migrant Education Program for 2022 -2023 will impact identified eligible migrant students in Houston ISD’s Migrant Education Program. Federal funds will be allocated to Local Education Agency (LEA) based on a per-pupil allocation of migrant students as determined by the state’s New Generation System (NGS). The funds allow the district MEP to hire migrant support staff and provide services to migrant students. Migrant funds are not decentralized to the schools.
