See next page for additional Calculator Applications information.

Calculator Applications by Grade Level

Although Calculator Applications is a combined division for all middle school, below are the results broken down by grade level. I'm providing an extra 1st place medal and trophy for the highest ranked contestant in each grade level. The highest ranked 7th grader will not receive an extra medal/trophy as they already placed 1st overall. Calculator Applications is the only event this is being done for since in the past, this event was often offered with separate grade level divisions.
