2016-2017 RESOURCE DIRECTORY FOR HARRIS COUNTY

Designed for Agencies Serving Youth & Families

This directory includes only the most commonly used nonprofit, United Way, church and government resources available to the general public and is not intended to be complete. Private, for profit services are sometimes included if there is a lack of nonprofits for that service, or they offer some free or specialized program to the community. It is intended to be an organized informational guide for professionals working with youth. Inclusion does not denote endorsement or recommendation.

Directory information rapidly becomes outdated and a new directory is published annually. If you find errors or have information on new resources, please feel free to contact us so that we can stay as up-to-date as possible. For current information regarding state agencies, we recommend you contact the agency.

A special thank you to the DHHS: Administration on Children, Youth and Families for underwriting the resource directory.

I. Community Youth Services (CYS)

Ginger Harper, Youth Services Division Administrator
Kristen Ballard, Program Manager
John Magliolo, Program Manager

Community Youth Services, a program of Harris County Protective Services for Children and Adults (HCPS), is a school-based crisis intervention, counseling, and case management service that provides practical assistance to families of children and youth who are experiencing problems. In partnership with the local schools/other governmental entities, the services of CYS are available to students in 13 Harris County school districts, as well as the Pasadena Police Department, and the Educational Services Division of the Harris County Juvenile Probation Department. All services of CYS are voluntary and provided at no cost to the family. In counseling youth and their families, CYS also searches among the many agencies throughout Harris County to locate and help clients obtain needed social services to resolve family problems. Truancy, runaway, pregnancy, drug, school, economic and family problems are appropriate referrals. When providing services, CYS will visit the family in their home or at the CYS offices on the school campus in the client's community. CYS can also serve as a liaison with other youth serving agencies of the county such as Juvenile Probation, Children’s Protective Services and Mental Health/Mental Retardation when youth and family have multi-agency involvement. To get help, simply telephone the Youth Service Specialist (YSS) for your school district or their supervisor during school hours.

The 2016-17 revised edition of the CYS Resource Directory is dedicated to Phyllis McFarland former Director of CYS who passed away this past year. The philosophy that she taught still remains a practice in our work with families today. “Families are like mobiles. When one member is having trouble, all members are affected. To resolve problems, the family must be treated as a unit, and helped to utilize their own, as well as the community’s resources.” We cherish the wisdom that helped build the foundation of the CYS program.

The mission of CYS is to improve the lives of youth and their families through advocacy, education and personal empowerment.

   Services Line: 713-295-2520
   Cherese Glasper, Safety Net Project Youth & Family Coordinator
   Youth Advisory Council Line: 713-295-2514
   The YSD Safety Net Project is designed to prevent initial runaway episodes by adolescents and to successfully intervene in the lives of adolescents who do run away in an effort to prevent youth homelessness. The Project’s goal is to successfully reduce family and school conflicts that a youth may be experiencing by employing more effective strategies than running away. This goal is achieved through: flexible support and intervention; effective coordination of services; assistance with emergency shelter placements or other safe housing alternatives; the provision of contract services for individual/ family therapy; and the limited provision of financial assistance to obtain concrete
services and resources. Youth 10-17 years old who are: currently homeless; currently on runaway status
and/or living in a voluntary placement away from one’s legal guardian(s); or who are at risk for running away or
are contemplating running away in the future, are eligible to receive Project services. Any youth/young adult who
contacts the Project, but who is deemed ineligible for Project services, will be provided with more appropriate
referrals/services.

The Safety Net Project is grounded in the Positive Youth Development Philosophy that promotes youth
leadership and services through its youth board or council which engages in various community projects and
outreach activities geared toward youth ages 12 to 21. This philosophy suggests that the best way to prevent
young people’s involvement in risky behavior is to help them reach their full potential. This not only includes
providing counseling and supportive services, but also youth development activities to build confidence and
competence in young people in order for them to thrive and become productive citizens. To obtain more
information about services call the Safety Net Project Coordinator or the Safety Net Project Youth & Family
Coordinator.

If your agency is not listed and you meet the criteria, we would be glad to add your information. If you have any questions, please feel free to contact Community Youth Services offices at 713-295-2530. 800 numbers are particularly susceptible to rapid change and many times are inappropriate for distribution to clients. If your update or addition is not received by the submission deadline, it will not be included.
