

MEMORANDUM

August 6, 2010

TO: School Board Members

FROM: Terry B. Grier, Ed.D.
Superintendent of Schools

SUBJECT: **SUPPLEMENTAL EDUCATIONAL SERVICES PROVIDER REVIEW 2009–2010**

CONTACT: Carla Stevens, 713-556-6700

HISD students on Title I campuses who failed to make adequate yearly progress (AYP) for three consecutive years (Stage 2 School Improvement) were given an opportunity to seek external tutoring services. Supplemental Educational Services (SES) were made available by the district to increase student academic achievement. Tutoring services consisted of academic assistance in the areas of mathematics, reading, language arts, and science. These services were offered by state-approved providers who attested to keeping intervention methods consistent with the content and instruction used by the district and with the State's academic content standards. According to the No Child Left Behind Act, these services were required to be high-quality, research-based, specifically designed to increase student academic achievement, and offered outside of the regular school day (*Title I, Section 1116(e)(12)(C)*).

Students in grades 6–12 qualifying for free and reduced lunch status (economically disadvantaged) were eligible to participate in the SES programs. Parents of eligible students were notified by the Department of External Funding that supplemental educational services were available. Parents were then given an opportunity to select a provider whom they felt best met the needs of their children. Agreements were made between parents and providers to ensure that students attended the programs. The providers committed to produce information to the district on the status of the students' academic achievement.

Data were collected to determine the level of improvement of 2009–2010 participating SES students based on their performance on the Texas Assessment of Knowledge and Skills (TAKS) and Stanford Achievement Test Series, Tenth Edition (Stanford 10) for the past two years (2008–2009 and 2009–2010). Students identified for analysis were enrolled at Title I campuses that failed to make AYP for a minimum of three consecutive years. Fifth grade students were included if they were enrolled at these schools. The students in this report received services from SES providers during the 2009–2010 school year. Additional students were served during the summer, and data for these students were not included in this report. Participation results for these students will be available in an updated report after the providers' summer services have ended. The Department of External Funding provided the names and identification numbers of students who received services from the selected providers, the schools they attended, and the number of hours they attended. Students' grade levels were based on matching their identification numbers with the grade levels recorded in Chancery. Consequently, Stanford results were reported for twelfth grade students. The students' TAKS 2009 and 2010 percent passing mathematics and reading were based on the grades 3–11 spring TAKS administrations, and the 2009 and 2010 Stanford 10 NCEs for mathematics, reading, and language subtests were obtained from the grades 1–11 Stanford 10 spring administrations.

Providers' and schools' grade level performance on TAKS and Stanford 10, the differences from 2009 to 2010, the number of students served, and the average number of provider service hours were identified. Providers and schools were ranked based on the number of occurrences of positive gains in each test performance category, by grade levels. The leading providers and schools had the most occurrences by grade level and in each category.

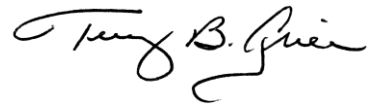

Table 1 provides a summary of the leading SES providers and schools. The providers with the most leading outcomes were Educator Resources, Jet Learning Laboratory, Inc., Leaps and Bonds Tutorial Center, Tutors with Computers, and Wonder-Space Mobile. Of the five, Wonder-Space Mobile had the greatest number of leading outcomes and academic progress in TAKS and Stanford categories, 21. In contrast, Educator Resources and Leaps and Bonds Tutorial Center had 18 leading outcomes based on test differences. The schools with the most leading outcomes were Richard Dowling Middle School; Robert E. Lee, James Madison, Sharpstown high schools; and Pro-Vision School. These five schools had 12 leading outcomes in TAKS and Stanford 10 differences. The number of service hours did not appear to be related to the gains demonstrated by the students served by the providers or the schools.

The students' outcomes from all the SES providers are presented in **Table 2**. The providers are listed alphabetically and the information includes the number served, the average number of provider service hours for students, the 2009 and 2010 TAKS and Stanford 10 performance of the participating students, and the TAKS and Stanford 10 performance differences from 2009 to 2010. **Table 3** includes the same types of data for the schools whose students were receiving provider services. The number of economically disadvantaged students enrolled at each school is also included. The number of participating students was lower than the number of economically disadvantaged students on each campus who qualified for the services. Currently, during the 2009–2010 school year, 27 percent of the eligible economically disadvantaged students were served.

Table 4 provides a cross-tabulation of the numbers of students participating in the providers' programs and the schools that they attended. Wonder-Space achieved the most leading academic outcomes while Tutors with Computers served the highest number of students, 1,173. Leading providers serving students among the leading schools listed in Table 1 were:

- Educator Resources (Chavez, N=45; Dowling, N=14; and Madison, N=1)
- Jet Learning Laboratory, Inc. (Dowling, N=55; Lee, N=3; Madison, N=60; and Sharpstown, N=22)
- Leaps and Bounds Tutorial Center (None)
- Tutors with Computers (Dowling, N=111; Lee, N=62; Madison, N=141; Pro-Vision, N=8; and Sharpstown, N=53)
- Wonder-Space Mobile (Dowling, N=3; Madison, N=3; Pro-Vision, N=1; and Sharpstown, N=1)

Should you have any further questions, please contact my office or Carla Stevens in the Research and Accountability Department at (713) 556-6700.
