

Congratulations! Your high school has recommended you for Houston Community College's Dual Credit program. Should the Dual Credit office of HCC find you meeting all the requirements of the program, you will be eligible:

- To enroll in HCC dual credit course(s);
- Receive full waiver of tuition and fees; and
- Receive college and high school credits when you successfully complete the course(s).

The steps below will assist you with registering and receiving the Dual Credit Waiver:

1. Provide your signature and that of your parent on the Dual Credit Waiver Approval Form;
2. Return the form to your high school counselor or the designated dual credit contact at your high school. They will forward your completed form to the appropriate Houston Community College dual credit office before the start of registration;
3. Once the form is received by the Houston Community College P16 Northeast team, your registration will be processed as well as the waiver applied to your account for course payment.

Thank you,
HCC Dual Credit Office
