Agenda

- Campus policies
- Project Lead the Way
- **Student Schedule Changes**
 - Concerns- grades are deleted (assist with how to find the dropped grades), no implication as to why the schedule is being changed (should the teachers being doing something different for that student or can teachers have input)
 - Schedule changes are often confidential due to information shared by the families and teacher concerns are part of the conversation.
 - Schedule changes are solely via the parent's request.
 - Schedules changes can be programmatic changes.
 - Cohorts are rarely affected
- **Technology**
 - Concerns- students are bypassing firewalls to access non-school appropriate sites, students having more than one device
 - Looking for some options and disabling that access.
- **Dress Code**
 - Most dress code issues have settled
 - Hoodies are becoming an enforcement challenge
 - Proposal- SDMC consider an amendment to the dress code policy regarding hoodies. When students are wearing hoodies we suggest they tuck the hood inside as opposed to them not being able to wear it at all.
 - A possible faculty video sharing how to properly address students about this issue.
 - Majority of families agree of the dress code guidelines and in support.
