**Accountability Rating: Not Rated: Declared State of Disaster**

# Mission Statement

Our mission is to empower the whole child by providing a safe and respectful academic environment that cultivates critical and creative thinking, social consciousness, and initiative in each student.

## Vision

Our vision is to develop students who are engaged with learning, empowered with thinking tools, and prepared for the challenges ahead in their academic and personal lives.

## Value Statement

At Travis Elementary School, we value the whole child, including their families, cultural background, academic strengths and areas for growth, and social and emotional needs.

3.2: Offer flexible number of parent involvement meetings	38
Addendums	39

# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

Travis Elementary School is located in the Woodland Heights area of Houston, just two miles north of downtown. Travis has a total population of 698 students and serves children in grades Kindergarten through Fifth. Travis is an HISD Vanguard Magnet and Neighborhood School with 45% of our students identified as gifted and talented in heterogeneously grouped classrooms. The school employs a special education inclusion model, which includes students with autism spectrum disorder served in our special education TREK (Transition Ready with Essential Knowledge and Skills) program along with a high percentage of students identified as having dyslexia. All Travis teachers are G/T certified and emphasize inclusive, individualized, and innovative learning, enrichment, and extension for all students, regardless of program or designation. An effort to nurture and kindle the talents of all our students has been a significant factor in continuing to grow our base of G/T students. Our Vanguard Program does not stand alone. All our students are offered a sound educational program that incorporates the essentials of a solid academic foundation with rigor, depth, complexity, creativity, and research. Teachers work in grade-level teams, using Professional Learning Community tenets to plan instruction and assessment. Our faculty and staff collaborated on and created our mission statement to reflect the campus culture and beliefs. We work to inspire our students to be thoughtful problem solvers and productive citizens. Teacher leadership and parental involvement are strong components of the Travis culture. Teachers take on leadership roles and are involved in decision-making that taps into their expertise and experiences to shape positive outcomes for student learning and welfare. The faculty and staff form a strong alliance with our parent community through volunteers, fundraising, and campus improvement efforts. An extremely strong and active PTA supports teacher innovations and technology initiatives, organizes family nights centered around themes of Math-Science, Literacy, and Cultural Celebrations, and arranges and funds learning opportunities in Fine Arts, Writing, Science, and Technology among many other things. The community works together to create a safe and nurturing environment for all children. The student population of Travis is 57% White, 31% Hispanic, 3% African American, 3% Asian, and 6% two races or more. 14% of our students are identified as Economically Disadvantaged, 3% are Limited-English Proficient, 13% are identified as at-risk, and 8% qualify for Special Education services.

### Demographics Strengths

Demographic strengths at Travis include a committed and actively involved community and family network. We also have a like number of magnet students across grade levels, which promotes diversity among our students at all grade levels. Classes at Travis are heterogeneous and academically balanced to promote equitable instruction. Our teachers are almost entirely experienced in the classroom and active participants in professional development. Teachers and families work closely together and share the same academic and social and emotional expectations for all students. Our special education and ELL programs emphasize inclusion, and students are integrated into the general education classrooms for instruction.

### Problems of Practice Identifying Demographics Needs

**Problem of Practice 1 (Prioritized):** Achievement data from grades 3-5 STAAR indicates only 31% of economically disadvantaged students are meeting state standards. **Root Cause:** Student engagement in the classroom due to minimal small group opportunities. Individualized student instruction has not been emphasized sufficiently to target student

academic needs.

# Student Learning

## Student Learning Summary

Travis received an overall 'A' rating on the 2019 TEA Accountability Ratings with an overall scaled score of 94, including scaled scores of 92 in Domain 1 (Student Achievement), 90 in Domain 2 (School Progress), and 98 in Domain 3 (Closing the Gaps). Travis earned Distinction Designation in five categories (Reading/ELA, Math, Comparative Academic Growth, Comparative Closing the Gaps, and Postsecondary Readiness) and missed in one category (Science). In all tested subjects, the percentage of students approaching grade level standard rose 3% (88% to 91%), meeting standard rose 1% (65% to 66%), and mastering standard rose 8% (37% to 45%). Among economically disadvantaged students, percent approaching rose 6% (72% to 78%), meeting standard dropped 3% (43% to 40%), and mastering standard rose 4% (16% to 20%). In 2021 STAAR, all tested subjects, the percentage of students approaching grade level standards dropped 3% (91% to 88%), meeting standard dropped 1% (66% to 65%), and mastering standard rose 26% (20% to 46%). In 2018-2021, Travis provided ongoing administrative support to teachers in building their own assessments, accessing OnTrack reports to review the data from those assessments and district snapshot tests, and accessing Renaissance screener reports. An emphasis was placed on establishing protocols for data driven instruction (DDI) and teachers were given more coaching and support on how to analyze that data for identifying individual deficits and needs. Classroom behavior management, culture, and student grouping were focus areas, particularly with the cohort containing the highest percentage of students with special needs (including TREK students with ASD) and discipline referrals on the campus, which resulted in marked improvement for the school. A continued emphasis must be placed on targeting social-emotional and academic needs and individualizing learning for all students to increase the percentage of students meeting and mastering grade level standards as well as the percentage of students meeting or exceeding progress standards. Taking next steps with campus DDI support will include tracking Tier 2 and 3 progress monitoring with online trackers and appropriately grouping and implementing small-group instruction and intervention to best meet those needs, including starting interventionist pullouts earlier in the year.

## Student Learning Strengths

Travis students are particularly strong in basic reading and math skills. Students receive high-level instruction from experienced teachers and are engaged with their learning in the classroom. Our students respond well to intervention, and we have been able to close academic gaps at a high percentage rate. Special education and ELL students receive instruction with specified support in the general education classroom. Our special education students benefit from inclusion with their general education classroom and more quickly develop good academic habits for independent learning. Our ELL students benefit from sheltered instruction in the general education classroom. Travis students are exposed to multiple perspectives in their learning, and our students, including our GT population have opportunities to apply and extend their understanding upon mastery of content objectives.

## Problems of Practice Identifying Student Learning Needs

**Problem of Practice 1 (Prioritized):** STAAR results indicate that 65% of students across tested grade levels are meeting state standards. Students are unable to translate academic learning to real-world applications. **Root Cause:** Lack of uniform implementation of campus-established best practices in early literacy routines, grammar and writing instruction, math routines, and grade level vertical alignment causes inconsistencies in student growth year to year.

# School Processes & Programs

## School Processes & Programs Summary

At Travis, programming is designed to meet the needs of all our varied learners. The programs provide a learning continuum for students that is differentiated in depth, complexity, and pacing and foster creative/productive thinking and/or leadership ability. In all classrooms, instruction is differentiated as necessary to accommodate all student ability levels and learning styles.

Special Education students receiving services under Special Education will receive additional live instruction during small group time blocks or during scheduled afternoon asynchronous learning time. Students will not miss any core instruction from their content teachers. Special Education teaching assistants will attend whole group learning lessons and will then provide live support to students during their independent work time, modifying assignments and providing supports according to IEPs. Dyslexia Children receiving dyslexia services under a Section 504 plan will receive additional live instruction during small-group time blocks or during scheduled afternoon asynchronous learning time. Students will not miss any core instruction from their content teachers. English Learners (ELs) Students identified as ELs will participate in differentiated small group instruction utilizing Proficiency Level Descriptors (PLDs), Texas Essential Knowledge and Skills (TEKS) and English Language Proficiency Standards (ELPS). ELs will engage in lessons through Imagine Language and Literacy as assigned by teachers. Teachers will create opportunities for students to collaborate during asynchronous lessons addressing linguistic domains: Reading, Listening, Speaking and Writing. Students who qualify for accelerated learning services through HB 4545 will receive small group, individualized instruction through small group tutoring. All of our teachers are certified as Gifted and Talented teachers, and they will collaborate to create and implement student Gifted Education Plans (GEPs) to individualize and differentiate instruction. Teachers will use small group times for ability grouping to extend depth and complexity in thinking, application of concepts, and for supporting interest-based assignments and Project Based Learning activities, including activities and routines that promote visible thinking and thinking dispositions.

### Project-based learning

- Implementing inclusive practices to ensure a quality education for an increasingly diverse student population
- Empowering students with disabilities through full-inclusion Special Education services in the General Education setting, a Travis model since 1998
- Program for students with autism
- Differentiating instruction to meet all our students' varied needs
- Implementing Conscious Discipline tenets and structures
- Celebrating diversity and uniqueness through school-wide activities
- Teaching and modeling 'Tiger Traits' Character Education traits and lessons

## School Processes & Programs Strengths

A particular program strength for Travis students is the variety of opportunities that Travis students have to fulfill our mission and vision for our students. For instance, we have the Writers in the Schools program for third and fourth graders to give those students the opportunity to use their writing skills in applied situations, as well as creatively. Our second and fifth graders are engaged with the Histrionix program, which gives students opportunities to design and produce well thought-out projects, which develop their thinking skills. Travis has ample technology available for students to incorporate into their learning and application of skills. We use the Neuhaus reading program as a curriculum supplement for our reading program, and students show increased growth because of the consistency of the use of the program across grade levels. Our dyslexia students benefit from the Neuhaus reading program because they use it both in the general education classroom and in the specific reading instruction they receive as part of their dyslexia services. Our students on the autism spectrum benefit from the strength of an SLC-TREK program that emphasizes inclusion and developing habits for academic independence. We have a GT program that is strong because all of our teachers are GT trained and small group opportunities are available for GT students to extend their learning through real-life applications and connections with topics of student interest.

## **Problems of Practice Identifying School Processes & Programs Needs**

**Problem of Practice 1:** Identifying students with a reading disability who are behind grade level in decoding skills, reading fluency, and/or comprehension and need to receive dyslexia services, Reading by Design, or additional intervention with fidelity to close learning gaps. **Root Cause:** Need for earlier interventions through IAT to identify need for dyslexia evaluation or other reading interventions.

# Perceptions

## Perceptions Summary

Travis Elementary School had an attendance rate of 98.4% for 2020-2021. That attendance rate is slightly higher than previous years and may be the result of students having the opportunity for virtual instruction in 2020-2021. Travis uses the Conscious Discipline model for behavior management and character development and did not make any DAEP placements. Travis faculty and staff have been trained in the methods of Conscious Discipline, and it is used consistently across our campus. The staff turnover rate is low, though slightly higher than previous years likely due to the challenges of teaching through the Covid pandemic. Travis has an active PTA and many opportunities are available for families and community members to participate in school activities, including Coffee with the Principal and regularly scheduled PTA and informational meetings. The parent and community climate is measured through surveys and exit tickets. Parents and community members view Travis as a vibrant part of the Woodland Heights neighborhood. They have a high regard for the school as evidenced in surveys and their high rate of participation. Teachers and staff are also highly invested in the success of Travis and express their love of teaching at Travis. Students generally feel safe and welcome at Travis, and teachers check-in with their students daily to assess social and emotional needs.

## Perceptions Strengths

Feedback from parents suggest that Travis is perceived as a tight-knit school community with ample support offered for students and parents. Travis has a strong relationship with its PTA, and communication is also viewed as a strength. Teachers, administrators, and staff are responsive to student and parent needs in a transparent and timely manner. The perception among teachers is that Travis is a family and all stakeholders support each other. There is a level of trust that allows for a positive reception of feedback, especially with regard to teacher coaching and growth. Other perceived strengths are the opportunities that Travis makes available for students. Students participate in activities like gardening, creative movement, project-based learning, and robotics, among others, and these extra activities foster a strong connection between our students and the school. Travis is also perceived as an academically rigorous school where students' individual needs are met, regardless of their academic needs.

## Problems of Practice Identifying Perceptions Needs

**Problem of Practice 1:** Increasing occurrences of student unkindness toward one another highlights school need to continue student, teacher, and parent education on recognizing the role of all stakeholders in identifying and preventing bullying and fostering student empathy and inclusion through thoughts, words, and acts of kindness. **Root Cause:** Inconsistency of implementing our character education program, Conscious Discipline, especially with new teachers and staff.

# Priority Problems of Practice

**Problem of Practice 1:** Achievement data from grades 3-5 STAAR indicates only 31% of economically disadvantaged students are meeting state standards.

**Root Cause 1:** Student engagement in the classroom due to minimal small group opportunities. Individualized student instruction has not been emphasized sufficiently to target student academic needs.

**Problem of Practice 1 Areas:** Demographics

**Problem of Practice 2:**

STAAR results indicate that 65% of students across tested grade levels are meeting state standards. Students are unable to translate academic learning to real-world applications.

**Root Cause 2:** Lack of uniform implementation of campus-established best practices in early literacy routines, grammar and writing instruction, math routines, and grade level vertical alignment causes inconsistencies in student growth year to year.

**Problem of Practice 2 Areas:** Student Learning

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

## Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Domain 1 - Student Achievement
- Student Progress Domain
- Domain 2 - Student Progress
- Closing the Gaps Domain
- Domain 3 - Closing the Gaps
- Effective Schools Framework data
- Targeted support Identification data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

## Student Data: Assessments

- State and federally required assessment information
- State and federally required assessment information (e.g. curriculum, eligibility, format, standards, accommodations, TEA information)
- (STAAR) current and longitudinal results, including all versions
- State of Texas Assessments of Academic Readiness (STAAR) current and longitudinal results, including all versions
- STAAR released test questions
- STAAR EL progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- SSI: Think Through Math assessment data for Grades 3-8 and Algebra I (TEA approved statewide license)
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

## Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and progress
- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and progress
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically Disadvantaged / Non-economically disadvantaged performance, progress, and participation data
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- EL/non-EL or LEP data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia Data
- Response to Intervention (RtI) student achievement data

#### **Student Data: Behavior and Other Indicators**

- Attendance data
- Discipline records
- Class size averages by grade and subject
- School safety data
- Enrollment trends

#### **Employee Data**

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

#### **Parent/Community Data**

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

#### **Support Systems and Other Data**

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data

# Board Goals

**Board Goal 1:** ELAR The percentage of 3rd grade students performing at students reading and writing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase 8 percentage points from 42% in spring 2019 to 50% in spring 2024.

**Goal 1:** By May 2022, at least 80% of all students at Travis ES in Grades 3-5 taking the STAAR Reading test will score at 'Meets' grade level standard.

**Strategic Priorities:** Expanding Educational Opportunities

**Measurable Objective 1:** At least 80% of students in 3rd-5th grades taking scheduled summative assessments will score 75% or higher.

**Evaluation Data Sources:** Snapshot tests given according to district assessment calendar; Patterns of Power Extension Lesson evaluation

Strategy 1 Details	Reviews			
<b>Strategy 1:</b> Professional development and PLC-planning support to support the integration of writing instruction during the reading block. Teachers implement Patterns of Power invitation process during mentor text reading along with extension lessons. <b>Strategy's Expected Result/Impact:</b> Students are showing growth to the extent that at least 80% of 3rd grade students are scoring 75% on snapshots and DLA. <b>Staff Responsible for Monitoring:</b> Campus Admin Team, Reading Interventionists, Classroom Teachers <b>Action Steps:</b> PD with Sara Lytle to emphasize the integration of writing with reading instruction through Patterns of Power routines; share online resources for P of P; PLC instructional planning and support sessions <b>TEA Priorities:</b> Recruit, support, retain teachers and principals, Build a foundation of reading and math	Formative			Summative

## **Board Goal 5:** N/A - Additional Campus Goals

### **Goal 7:** MANDATED HEALTH SERVICES

The campus will meet 100% of Mandated Health Services by the required dates for Immunization Monitoring, Vision Screening (Grades PK, K, 1, 3, 5 & 7), Hearing Screening (Grades PK, K, 1, 3, 5, & 7), Type 2 Diabetes (Grades 1, 3, 5, & 7), Spinal Screening (Grades 6 & 9), Medication Administration and AED Maintenance Checks.

**Strategic Priorities:** Ensuring Student Health, Safety and Well-Being

**Measurable Objective 1:** Immunization monitoring, data entry and state reporting requirements will be completed by a certified school nurse on or before October 22, 2021.

**Evaluation Data Sources:** Immunization data entry and state reporting for all students completed by school nurse: Korrin Espiga  
Estimated number of students to be screened: 700

**Measurable Objective 2:** VISION SCREENING at Grades PK, K, 1, 3, 5, & 7 will be completed by a certified school nurse or screener on or before December 10, 2021.

**Evaluation Data Sources:** Vision screening records for all applicable students completed by SCHOOL NURSE: Korrin Espiga  
Estimated number of students to be screened: 331

**Measurable Objective 3:** HEARING SCREENING at Grades PK, K, 1, 3, 5, & 7 will be completed by a certified school nurse or screener on or before December 10, 2021.

**Evaluation Data Sources:** Data entry, referral forms, and state report completed/submitted by SCHOOL NURSE: Korrin Espiga  
Estimated number of students to be screened: 331

**Measurable Objective 4:** TYPE 2 DIABETES SCREENING at Grades 1, 3, 5, & 7 will be completed by a certified school nurse or screener on or before December 10, 2021.

**Evaluation Data Sources:** Screening, data entry, referral forms and state report completed/submitted by SCHOOL NURSE: Korrin Espiga  
Estimated number of students to be screened: 334

**Measurable Objective 5:** SPINAL SCREENING at Grades 6 & 9 will be completed by a certified school nurse or screener on or before February 2, 2022.

**Evaluation Data Sources:** Screening, data entry, referral forms and state report completed/submitted by NAME & POSITION:  
Estimated number of students to be screened:  
Note: If the school does not have a certified school nurse or screener, steps for completing this requirement will be detailed in the strategy below.

**Measurable Objective 6:** MEDICATION ADMINISTRATION, including, but not limited to emergency care of students with diabetes, seizures, and life

threatening anaphylaxis will be completed by a certified school nurse for the school year 2021-2022.

**Evaluation Data Sources:** PERSON RESPONSIBLE: School Nurse/Health Wellness Team: Korrin Espiga, School Nurse

Note: If the school does not have a certified school nurse or screener, rationale for not providing this service and steps for completing this ongoing student support need will be detailed in the strategy below.

**Measurable Objective 7:** AED (Automated External Defibrillator) MONTHLY MAINTENANCE CHECKS will be conducted for all AEDs and an annual report submitted to Health and Medical Services.

**Evaluation Data Sources:** PERSON RESPONSIBLE who is certified in CPR/AED: Korrin Espiga, School Nurse

Number of AEDs on campus: 3

**Board Goal 5:** N/A - Additional Campus Goals

**Goal 8:** COORDINATED HEALTH PROGRAM (ES, MS and K-8 Campuses)

The campus will provide a Coordinated School Health Program designed to prevent obesity, cardiovascular disease, and Type 2 diabetes by coordinating health education, physical education, physical activity, nutrition services and parental involvement.

**Strategic Priorities:** Ensuring Student Health, Safety and Well-Being

**Measurable Objective 1:** By May 2022, 100% of Travis students will participate in programs to promote overall student health, including Marathon Kids and the Veg-Out Challenge.

**Evaluation Data Sources:** Mileage logs from Marathon Kids program and Veg-Out Tracking Forms

Strategy 1 Details		Reviews			
<b>Strategy 1:</b> Connect students with high-interest health programs that promote overall student health, including Marathon Kids and the Veg-Out Challenge <b>Strategy's Expected Result/Impact:</b> Greater awareness of the benefits of physical activity and healthy food intake for overall student health and well-being. <b>Staff Responsible for Monitoring:</b> Physical Education teacher, Campus Administration, Classroom teachers, Nurse <b>Action Steps:</b> 1. Sign up kids and promote programs. 2. Lead students through the programs with parental involvement. 3. Use data to monitor student results. 4. Connect the benefits of the programs with overall best practices for student health.		Formative			Summative

# **Title I Schoolwide Elements**

## **ELEMENT 1. SWP COMPREHENSIVE NEEDS ASSESSMENT (CNA)**

### **1.1: Comprehensive Needs Assessment**

All schools develop comprehensive needs assessments as part of the planning and decision-making process. Title I schools have additional responsibilities to ensure that the plans and decisions regarding the use of federal dollars align with program requirements and the needs of students. The comprehensive needs assessment (CNA) at this campus was developed by

## **ELEMENT 2. SWP CAMPUS IMPROVEMENT PLAN (CIP)**

### **2.1: Campus Improvement Plan developed with appropriate stakeholders**

The SIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals present in the school, and other stakeholders. Stakeholders were involved with the development of this plan in the following ways:

### **2.2: Regular monitoring and revision**

Regular monitoring of the strategies funded through Title I occur in addition to the formative reviews required by this improvement plan. At our campus, regular monitoring of the implementation of strategies and students' progress includes:

### **2.3: Available to parents and community in an understandable format and language**

The SIP is available to parents in the following locations:

The SIP was made available to parents by:

We provide the SIP to parents in the following languages:

- English
- 

### **2.4: Opportunities for all children to meet State standards**

Opportunities for all students to meet the TEKS include these schoolwide reform strategies:

### **2.5: Increased learning time and well-rounded education**

Ways that we increase learning time and a well-rounded education for our students include:

## **2.6: Address needs of all students, particularly at-risk**

An important campus focus is on schoolwide reform strategies that provide opportunities for all students, particularly those students who are at risk of not meeting the challenging State academic standards at advanced and proficient levels of student achievement. The strategies provided are based on evidence-based research to increase achievement for each student group on state tests and other assessments. Examples include the following:

- Building teacher capacity in their content areas and instructional areas:
- Proficient Tier 1 explicit instruction taking place in all content areas:
- Bi-weekly AT BATs:
- Small Group Instruction based on student data needs:

## **ELEMENT 3. PARENT AND FAMILY ENGAGEMENT (PFE)**

### **3.1: Develop and distribute Parent and Family Engagement Policy**

The following individuals, including roles (parents, teachers, admin, etc.) assisted with the development of the Parent and Family Engagement Policy:

- Parent -
- 

The PFE was distributed

- On the campus website
- ...

The languages in which the PFE was distributed include

- English

Four strategies to increase Parent and Family Engagement include:

- -

### **3.2: Offer flexible number of parent involvement meetings**

The campus provided four Title I Parent Meetings and each meeting had an alternate time/date to accommodate parents' schedules. The meeting dates are listed below:

- Meeting #1 -
- Meeting #1 Alternate -
- Meeting #2 -
- Meeting #2 Alternate -
- Meeting #3 -
- Meeting #3 Alternate -
- Meeting #4 -

- Meeting #4 Alternate -

## SIP APPROVAL 2021-2022

School Name and Campus #: 249 Travis ES

Principal Name: David Church

Area Office: Elementary School Office 2

Please print this document and complete.

This School Improvement Plan (SIP) was developed according to the procedures described in this document. The final draft of the plan will be submitted to the Shared Decision-Making Committee (SDMC) on 10/7/21 as evidenced by the SDMC agenda. Through the SDMC, the SIP was reviewed with parents, community members, and the school's professional staff. In addition, the plan will be presented to the professional staff for a vote.
