

Wilson School Community,

Current events centered around the Black Lives Matter movement have recently brought into question the namesake of our school. Please check below for information that members of our school community have shared with our principal regarding the legacy of Woodrow Wilson:

We invite you to come hear the discussion around our school community's call for a possible name change. Although only current members will vote for or against this proposal, we would like to hear from you. You can provide input or just listen in to the conversation by joining us at our next SDMC meeting (Shared Decision-Making Team) on **Wednesday, August 19th at 4:15 p.m.** to be hosted in TEAMS. The Teams invite is below and is also posted on our website. This meeting will also be recorded. Please make sure your voice is heard!
