

# Drive-thru COVID-19 testing at select Walgreens

Walgreens has partnered with the U.S. Department of Health and Human Services (HHS) to open drive-thru testing locations in select areas. Testing is available at no-cost\* for people with and without health insurance coverage.

## Who is eligible?

Individuals age 18 and older who meet the testing criteria established by the CDC and state and federal guidelines are eligible

## How do I get tested?

- Complete a quick screening at [Walgreens.com/COVID19Testing](https://Walgreens.com/COVID19Testing)
- If eligible, you'll choose a location and time for your testing
- You will receive a follow up email with your appointment confirmation
- Bring a valid ID and insurance card if you have insurance coverage
- The test is at no-cost\* to you, even if you don't have insurance

## How is the test administered?

- The test is a self-collection test using a nasal swab, while remaining inside your car
- A Walgreens pharmacy team member will be on-site to provide instructions and help you perform the test yourself

## How will I get results?

- Tests will be available in approximately 3 to 4 days
- You will receive your results from Walgreens by phone or email, or you can get your results by registering on [patient.labcorp.com](https://patient.labcorp.com)

**Testing will  
be available**

**Drive-thru  
testing locations**
