Ascending to Men Project Coming to Westside: Mentors Needed

New this year! Westside High School will be participating in HISD's Ascending to Men Project (ATMP). ATMP is a mentoring program preparing young men for successful futures in college, career, or the armed forces.

We are seeking mentors to work with Westside High School students. Mentors commit to meeting with students once per week on the Westside campus, plus occasional off-campus field trips and events. Mentors serve as

positive role models and advocate for students who need guidance and opportunities for educational, social, and professional growth.

Please help support this fantastic program for turning our students into fine, young men! Click [here](#) to learn more about the ATMP program on HISD's webpage, or click [here](#) to go directly to the Mentor Application.
