MD Anderson Research Project

Parent Consent Required for Participation

Dear Parents and Students,

Westside High School and HISD is participating in a social science research project run by MD Anderson Cancer Center entitled, "Surgeons of the Future: do high school students possess the personality traits and grit to train to be a surgeon?"

This is a population study that will compare the personality and grit traits between current high school students and actively practicing surgeons. In the long term, the primary investigator Dr. Mara Antonoff, an Associate Professor of Thoracic and Cardiovascular Medicine, and researcher Lyndon Walsh are looking for ways to develop pipeline programs for high school students leading into medicine.

The more participants we have, the better!

Who can participate?

- High school students ages 14-18
- Students with an internet connection (Laptop/Phone)

What does participation require?

After signing the parental consent waiver, please return it to Ms. Nassab (Barbara.Nassab@houstonisd.org) via email. Your child will then receive an email containing an electronic link allowing them to complete the survey.

How long does it take?

The survey takes no more than 10 minutes to complete.

What data will be taken?

The data is 100% anonymous and protected. Basic demographics information, personality traits, and grit traits will be collected.

If you would like to participate, please return this

PARENTAL CONSENT FORM

by October 25, 2021 to Barbara.Nassab@houstonisd.org

Westside Bruises the Bulldogs, 41-19

Choir News By Ms. Douris

It is with great joy that I announce that Isaac Smith scored 2nd in the Region on Sunday, placing him into the Region Choir that convenes in November. His placement also advances him to Pre-Area, which is one of two more successful auditions required to be placed in the Texas All State choir. We are in one of the most competitive regions in this state, and I could not be more proud of him. I am so thankful to his mother, Emily Smith, for her unwavering support of her son - and me!

Just another example of why it's a great (Sun) day to be a wolf!

For Senior Families!

9th Graders: Interested in Westside's "Futures Academy of Health Sciences"?

Applications are available now for current WHS 9th grade students who are interested in Westside Future's Academy of Health Science. The Futures Academy provides the opportunity for students who are interested in the medical profession to take classes through Houston Community College. Upon successful completion of the program, students will earn an Associates Degree, 60 college credit hours. If interested, apply now at www.HISDChoice.com For more information regarding this impressive program, please contact Dean Stephanie Matlock, SMATLOCK@houstonisd.org For information on how to apply, please contact E. Jane Miller, Westside's Magnet Coordinator and Campus Transfer Analyst.
